Chapter 506
Page 506.001

506.001: Introduction

(A) 130 CMR 506.000 describes the rules governing financial eligibility for MassHealth. Financial eligibility includes household composition, countable income, deductibles, calculation of premiums, and copayments for all coverage types described in 130 CMR 505.000: *Coverage Types*.

(B) Financial eligibility for MassHealth Senior Buy-In and Buy-In is determined in accordance with 130 CMR 519.010: *MassHealth Senior Buy-In*, 519.011: *MassHealth Buy-In*, and 520.000: *Financial Eligibility*.

506.002: Household Composition

(A) Determination of Household Composition. MassHealth determines household size at the individual member level. MassHealth determines household composition in two ways.

(1) MassHealth Modified Adjusted Gross Income (MAGI) Household Composition.

MassHealth uses the MassHealth MAGI household composition rules to determine member eligibility for the following benefits:

- (a) MassHealth Standard, as described in 130 CMR 505.002(B), (C), (D), (F), and (G);
- (b) MassHealth CommonHealth, as described in 130 CMR 505.004(F) and (G);
- (c) MassHealth CarePlus, as described in 130 CMR 505.008: *MassHealth CarePlus*;
- (d) MassHealth Family Assistance, as described in 130 CMR 505.005(B) through (E);
- (e) MassHealth Limited, as described at 130 CMR 505.006: *MassHealth Limited*;
- (f) MassHealth Small Business Employee Premium Assistance, as described in 130 CMR 505.009: *MassHealth Small Business Employee Premium Assistance*; and
- (g) Children's Medical Security Plan (CMSP), as described in 130 CMR 522.004: *Children's Medical Security Plan (CMSP)*.

(2) MassHealth Disabled Adult Household. MassHealth uses the MassHealth Disabled Adult household composition rules to determine member eligibility for the following benefits:

- (a) MassHealth Standard, as described in 130 CMR 505.002(E): *Disabled Adults*;
- (b) MassHealth CommonHealth, as described in 130 CMR 505.004(B) through (E); and
- (c) MassHealth Family Assistance, as described in 130 CMR 505.005(F): *Eligibility Requirement for Disabled Adults Who Are Qualified Noncitizens Barred, Nonqualified Individuals Lawfully Present, and Nonqualified PRUCOLs with Modified Adjusted Gross Income of the MassHealth Disabled Adult Household at or below 100% of the Federal Poverty Level*.

(B) MassHealth MAGI Household Composition.

(1) Taxpayers Not Claimed as a Tax Dependent on His or Her Federal Income Taxes. For an individual who expects to file a tax return for the taxable year in which the initial determination or renewal of eligibility is being made and who is not claimed as a tax dependent by another taxpayer, the household consists of

- (a) the taxpayer; including his or her spouse, if the taxpayers are married and filing jointly regardless of whether they are living together;
- (b) the taxpayer's spouse, if living with him or her regardless of filing status;
- (c) all persons the taxpayer expects to claim as tax dependents; and
- (d) if any woman described in 130 CMR 506.002(B)(1)(a) through (c) is pregnant, the number of expected children.

(2) Individuals Claimed as a Tax Dependent on Federal Income Taxes.

(a) For an individual who expects to be claimed as a tax dependent by another taxpayer for the taxable year in which the initial determination or renewal of eligibility is being made and who does not otherwise meet the Medicaid exception rules as described in 130 CMR 506.002(B)(2)(b)1., 2., or 3., the household consists of

1. the individual;
2. the individual's spouse, if living with him or her;
3. the taxpayer claiming the individual as a tax dependent;
4. any of the taxpayer's tax dependents; and
5. if any woman described in 130 CMR 506.002(B)(2)(a)1. through 3. is pregnant, the number of expected children.

(b) Medicaid Exceptions. Household size must be determined in accordance with non-tax filer rules for any of the following individuals

1. individuals other than the spouse or natural, adopted, or stepchild who expect to be claimed as a tax dependent by the taxpayer;
2. individuals younger than 19 years old who expect to be claimed by one parent as a tax dependent and are living with both natural, adopted or stepparents, but whose natural, adopted, or stepparents do not expect to file a joint tax return;
3. individuals younger than 19 years old who expect to be claimed as a tax dependent by a noncustodial parent. For the purpose of determining custody, MassHealth uses a court order or binding separation, divorce, or custody agreement establishing physical custody controls or, if there is no such order or agreement or in the event of a shared custody agreement, the custodial parent is the parent with whom the child spends most nights.

506.003: Countable Household Income

Countable household income includes earned income described in 130 CMR 506.003(A) and unearned income described in 130 CMR 506.003(B) less deductions described in 130 CMR 506.003(D).

(A) Earned Income.

(1) Earned income is the total amount of taxable compensation received for work or services performed less pretax deductions. Earned income may include wages, salaries, tips, commissions, and bonuses.

(2) Earned taxable income for the self-employed is the total amount of taxable annual income from self-employment after deducting annual business expenses listed or allowable on a U.S. Individual Tax Return. Self-employment income may be a profit or a loss.

(3) Earned income from S-Corporations or Partnerships is the total amount of taxable annual profit (or loss) after deducting business expenses listed or allowable on a U.S. Individual Tax Return.

(4) Seasonal income or other reasonably predictable future income is taxable income derived from an income source that may fluctuate during the year. Annual gross taxable income is divided by 12 to obtain a monthly taxable gross income with the following exception: if the applicant or member has a disabling illness or accident during or after the seasonal employment or other reasonably predictable future income period that prevents the person's continued or future employment, only current taxable income will be considered in the eligibility determination.

(B) Unearned Income.

(1) Unearned income is the total amount of taxable income that does not directly result from the individual's own labor after allowable deductions on the U.S Individual Tax Return.

(2) Unearned income may include, but is not limited to, social security benefits, railroad retirement benefits, pensions, annuities, certain trusts, interest and dividend income, state or local tax refund for a tax you deducted in the previous year, and gross gambling income.

(C) Rental Income. Rental income is the total amount of taxable income less any deductions listed or allowable on an applicant's or member's U.S. Individual Tax Return.

(J) income received by independent foster-care adolescents described at 130 CMR 505.002(H): *Eligibility Requirements for Former Foster-Care Individuals*;

(K) income from children and tax dependents who are not expected to be required to file a tax return under section 6012(a)(1) of the Internal Revenue code for the taxable year in which eligibility for MassHealth is being determined, whether or not the children or the tax dependents files a tax return; and

(L) any other income that is excluded by federal laws other than the Social Security Act.

506.005: Verification of Income

Verification of income is mandatory. Income may be verified either through electronic data matches or paper verification.

(A) Electronic Data Matches.

(1) Data Matches. MassHealth electronically matches with federal and state data sources described at 130 CMR 502.004: *Matching Information* to verify attested income.

(2) Reasonable Compatibility. The income data received through an electronic data match is compared to the attested income amount to determine if the attested amount and the data source amount are reasonably compatible. If these amounts are reasonably compatible, the attested income is considered verified for purposes of an eligibility determination. To be considered reasonably compatible

(a) the attested income must be equal to or higher than the income from the data sources;
or

(b) if the attested income is lower than the data source amount, the attested income must be within 10% of the income from the data sources.

(3) Self-attested Income. When self-attested income is reasonably compatible with the electronic data, the income amount used to determine eligibility is the self-attested amount.

(B) Paper Verification. If the attested income and the income from the electronic data source are not reasonably compatible, or if the electronic data match is unavailable, paper verification of income is required.

(1) Paper verification of monthly earned income includes, but is not limited to

- (a) recent paystubs;
- (b) a signed statement from the employer; or
- (c) the most recent U.S. Individual Tax Return.

(2) Verification of monthly unearned income is mandatory and includes, but is not limited to

- (a) a copy of a recent check or paystub showing gross income from the source;
- (b) a statement from the income source, where matching is not available; or
- (c) the most recent U.S. Individual Tax Return.

(3) Verification of gross monthly income may also include any other reliable evidence of the applicant's or member's earned or unearned income.

(4) For reasonably predictable fluctuating income, as described at 130 CMR 506.003(A)(4), verification may also include documentation of a contract for employment or clear history of predictable fluctuations in income.

506.006: Transfer of Income

All household members are required to avail themselves of all potential income.

(A) If the MassHealth agency determines that income has been transferred for the primary purpose of establishing eligibility for MassHealth, the income is counted as if it were received.

(B) If the MassHealth agency is unable to determine the amount of available income, the family group remains ineligible until such information is made available.

MASSHEALTH: FINANCIAL REQUIREMENTS

506.007: Calculation of Financial Eligibility

The rules at 130 CMR 506.003 and 506.004 describing countable income and noncountable income apply to both MassHealth MAGI households and MassHealth Disabled Adult households.

(A) Financial eligibility for coverage types that are determined using the MassHealth MAGI household rules and the MassHealth Disabled Adult household rules is determined by comparing the sum of all countable income less deductions for the individual's household as described at 130 CMR 506.002 with the applicable income standard for the specific coverage type.

(1) The MassHealth agency will construct a household as described in 130 CMR 506.002 for each individual who is applying for or renewing coverage. Different households may exist within a single family, depending on the family members' familial and tax relationships to each other.

2) Once the individual's household is established, financial eligibility is determined by using the total of all countable monthly income for each person in that individual's MassHealth MAGI or Disabled Adult household. Income of all the household members forms the basis for establishing an individual's eligibility.

(a) A household's countable income is the sum of the MAGI-based income of every individual included in the individual's household with the exception of children and tax dependents who are not expected to be required to file a return as described in 42 CFR 435.603 and 130 CMR 506.004(K).

(b) Countable income includes earned income described in 130 CMR 506.003(A) and unearned income described in 130 CMR 506.003(B) less deductions described in 130 CMR 506.003(D).

(c) In determining monthly income, the MassHealth agency multiplies average weekly income by 4.333.

(3) Five percentage points of the current federal poverty level (FPL) is subtracted from the applicable household total countable income to determine eligibility of the individual under the coverage type with the highest income standard.

(B) The financial eligibility standards for each coverage type may be found in 130 CMR 505.000: *Health Care Reform: MassHealth: Coverage Types*.

(C) The monthly federal-poverty-level income standards are determined according to annual standards published in the *Federal Register* using the following formula. The MassHealth agency adjusts these standards annually.

(1) Multiply the annual 100% figure posted in the *Federal Register* by the applicable federal poverty level income standard.

(2) Round these annual figures up to the nearest hundredth.

(3) Divide by 12 to arrive at the monthly income standards.

Page 506.008

(D) Safe Harbor Rule. The MassHealth agency will provide a safe harbor for individuals whose household income determined through MassHealth MAGI income rules results in financial ineligibility for MassHealth but whose household income determined through Health Connector income rules as described at 26 CFR 1.36B-1(e) is below 100% of the FPL. In such case, the individual's financial eligibility will be determined in accordance with Health Connector income rules.

- (1) MassHealth uses current monthly income and the Health Connector uses projected annual income amounts.
- (2) MassHealth MAGI household uses exceptions to tax household rules and the Health Connector uses the pure tax filing household.

(E) MAGI Protection for Individuals Receiving MassHealth Coverage on December 31, 2013. Notwithstanding 130 CMR 506.007(A) through (D), in the case of determining ongoing eligibility for individuals determined eligible for MassHealth coverage to begin on or before December 31, 2013, application of the MassHealth MAGI Household Income Calculation methodologies as set forth in 130 CMR 506.007 will not be applied until March 31, 2014, or the next regularly scheduled annual renewal of eligibility for such individual under 130 CMR 502.007: *Continuing Eligibility*, whichever is later, if the application of such methodologies would result in a downgrade of benefits.

506.008: Cost-of-living Adjustment (COLA) Protections

Applicants and members whose income increases each January as the result of a cost-of-living adjustment (COLA) will have their eligibility determined using their social security income just before the COLA, if such income can be verified, until the subsequent federal poverty level adjustment.

506.009: The One-time Deductible

(A) Eligibility Requirements. Disabled adults described in 130 CMR 505.004(C)(5)(a) and disabled young adults described in 130 CMR 505.004(E)(3)(a) (i)1. may establish eligibility for MassHealth CommonHealth by meeting a one-time-only deductible. Once a deductible has been met, the person may be assessed a premium in accordance with the premium schedule in 130 CMR 506.011(B)(2). Once the deductible has been met, the person is not required to meet another deductible if there is a lapse in CommonHealth coverage.

(B) Definition of the Deductible. The deductible is the total dollar amount of incurred medical expenses that an applicant, whose MassHealth Disabled Adult household income, as described in 130 CMR 506.003, exceeds 133% of the federal poverty level (FPL), must be responsible for before MassHealth eligibility is established.

(C) The Deductible Period. The deductible period is a six-month period beginning on the date established in accordance with 130 CMR 505.004(M): *Medical Coverage Date*.

(D) Calculating the Deductible. The amount of the deductible is determined by comparing the MassHealth Disabled Adult household income as described in 130 CMR 506.003 to the MassHealth CommonHealth Monthly Deductible Income Standards provided in the following chart and multiplying the difference by six.

(E) Notification of the Deductible.

(1) The applicant who has excess monthly income will be informed that he or she is currently ineligible for MassHealth, but may establish eligibility by meeting the deductible. The applicant will be informed in writing of the following:

- (a) the deductible amount; and
- (b) the start and end dates of the deductible period.

(2) A person who meets a deductible will be eligible for MassHealth CommonHealth effective with the begin date of the deductible period.

(F) Persons Deemed to Have Met a Deductible. The following disabled adults will be considered to have met a deductible:

- (1) those who were receiving MassHealth on July 1, 1997 as the result of meeting a deductible; and
- (2) those who were denied eligibility with a deductible before July 1, 1997, but who submit medical bills on or after July 1, 1997 to meet the deductible.

MASSHEALTH: FINANCIAL REQUIREMENTS

(G) Submission of Bills to Meet the Deductible.

(1) Criteria. To establish eligibility, the applicant must submit verification of medical or remedial bills whose total equals or exceeds the deductible and that meets the following criteria.

- (a) The bill must not be subject to further payment by health insurance or other liable third-party coverage, including the Health Safety Net.
- (b) The bill must be for an allowable medical or remedial expense as provided in 130 CMR 506.009(G)(2). A remedial expense is a nonmedical support service made necessary by the medical condition of any individual in the family group.
- (c) The bill must be unpaid and a current liability, or, if paid, was paid during the six-month deductible period.
- (d) The bill may not be for one of the following services:
 1. cosmetic surgery;
 2. rest-home care;
 3. weight-training equipment;
 4. massage therapy;
 5. special diets; and
 6. room and board charges for individuals in residential programs.

(2) Meeting the Deductible.

- (a) Bills to meet the deductible are applied in the following order:
 1. Medicare and other health-insurance premiums credited prospectively for the cost of six months' coverage;
 2. expenses incurred by any member of the MassHealth Disabled Adult household for necessary medical and remedial-care services that are recognized under state law but are not covered by MassHealth, including guardianship fees and related expenses as defined at 130 CMR 515.001: *Definition of Terms*, and described in and allowed under 130 CMR 520.026(E)(3): *Guardianship Fees and Related Expenses*; and
 3. expenses incurred by any member of the MassHealth Disabled Adult household for necessary medical and remedial-care services that are covered by MassHealth.
- (b) Premiums for Qualified Health Plans can be applied to meet the deductible as they are incurred.
- (c) Any bills or portions of bills that are used to meet the deductible are not paid by the MassHealth agency and remain the responsibility of the applicant.

506.010: Verification of Medical and Remedial-care Expenses

(A) Medical or remedial-care expenses must be verified by a bill or written statement from a health-care provider with the exception of expenses for nonprescription drugs, which must be verified by a receipt from the provider of the drug.

(B) Verifications must include all of the following information:

- (1) the type of service provided;
- (2) the name of the person for whom the service was provided;

The MassHealth agency may charge a monthly premium to MassHealth Standard, CommonHealth, or Family Assistance members who have income above 150% of the federal poverty level (FPL), as provided in 130 CMR 506.011. The MassHealth agency may charge a monthly premium to members of the Children's Medical Security Plan (CMSP) who have incomes at or above 200% of the FPL. MassHealth and CMSP premiums amounts are calculated based on a member's household modified adjusted gross income (MAGI) and their household size as described in 130 CMR 506.002 and 506.003 and the premium billing family group (PBF) rules as described in 130 CMR 506.011(A). Certain members are exempt from paying premiums, in accordance with 130 CMR 506.011(J).

(A) Premium Billing Family Groups.

(1) Premium formula calculations for MassHealth and CMSP premiums are based on premium billing family groups (PBF). A PBF is comprised of

- (a) an individual;
- (b) a couple who are two persons married to each other according to the rules of the Commonwealth of Massachusetts and are living together; or
- (c) a family who live together and consist of
 1. a child or children under the age of 19, any of their children, and their parents;
 2. siblings under the age of 19 and any of their children who live together, even if no adult parent or caretaker is living in the home; or
 3. a child or children under the age of 19, any of their children, and their caretaker relative when no parent is living in the home.

(2) A child who is absent from the home to attend school is considered as living in the home.

(3) A parent may be natural, adoptive, or a stepparent. Two parents are members of the same PBF as long as they are mutually responsible for one or more children who live with them.

(4) In a family with more than one child, any child with a MAGI household income that does not exceed 300% FPL will have its premium liability determined based on the MAGI household income of the child in the family PBF with the lowest percentage of the FPL. If a child in the PBF has an income percentage of the FPL at or below 150% of the FPL, premiums for all children in the PBF are waived.

(5) MassHealth and CMSP premiums for children with a MassHealth MAGI household income greater than 300% of the FPL and all premiums for young adults and adults are calculated using the individual's FPL and the corresponding premium amount as described in 130 CMR 506.011.

(6) For individuals within a PBF that is approved for more than one premium billing coverage type, except where application of 130 CMR 506.011(A)(4) will result in a lower premium for children in the PBF, the following apply.

- (a) When the PBF contains members in more than one coverage type or program, including CMSP, and who are responsible for a premium or required member contribution, the PBF is responsible for only the higher premium or required member contribution.

(d) MassHealth Family Assistance premium assistance eligible members, as described in 130 CMR 505.005(C): *Eligibility Requirements for Children and Young Adults Who Are Nonqualified PRUCOLs with Modified Adjusted Gross Income of the MassHealth MAGI Household at or below 150% of the Federal Poverty Level*, who household MAGI is at or below 150% of the FPL; and

(e) MassHealth members who have verified that they are American Indians or Alaska Natives who have received or are eligible to receive an item or service furnished by the Indian Health Service, an Indian tribe, a tribal organization, or an urban Indian organization, or by a non-Indian health-care provider through referral, in accordance with federal law. These members receive premium assistance payments totaling the full employee share, to the extent that it is cost effective for the MassHealth agency. (E) MassHealth Premium Assistance Payment Amount Calculation.

(1) Formulas. MassHealth uses two formulas to calculate the premium assistance payments. The formulas are based on the category of assistance a member is enrolled in. In the event an individual is covered by more than one private health insurance policy, MassHealth will include that individual in the calculation of one premium assistance policy.

(a) The monthly premium assistance formula for ESI 50% Plans is described in 130 CMR 506.012(E)(2).

(b) The monthly premium assistance formula for Other Group Insurance Plans is described in 130 CMR 506.012(E)(3).

- (2) MassHealth Premium Assistance Payment Amount Calculation — ESI 50% Plans.
- (a) Determination of Actual Premium Assistance Payment Amount. In order to determine the actual premium assistance payment amount, MassHealth must review and compare the estimated premium assistance payment amount and the cost-effective amount. The estimated premium assistance payment amount and cost-effective amount are compared to calculate the actual premium assistance payment amount.
1. Estimated Premium Assistance Premium Payment Amount. The estimated premium assistance payment amount is calculated by subtracting the employer share of the policyholder's health-insurance premium and the MassHealth required member contribution of the health-insurance premium, as described in 130 CMR 506.012(D), from the total cost of the health-insurance premium.
 2. Cost-Effective Amount. The ESI 50% Plans cost-effective amount is the MassHealth agency's cost of providing direct MassHealth benefits to the premium billing family group (PBF) who are beneficiaries of the ESI.
- (b) Comparison of Payment Amounts. MassHealth compares the estimated premium assistance payment amount and cost-effective amount to determine the actual premium assistance payment amount.
1. If the estimated premium assistance payment amount is less than the cost-effective amount, the MassHealth agency sets the actual premium assistance payment amount at the estimated premium assistance payment amount.
 2. If the estimated premium assistance payment amount is equal to or greater than the cost-effective amount, the MassHealth agency sets the actual premium assistance payment amount at the cost-effective amount. The policy holder is responsible for payment of the remainder of the health-insurance premium, if any.

MASSHEALTH: FINANCIAL REQUIREMENTS

Chapter 506
Page 506.012 (8 of 11)

(c) Example. A parent and two children apply for MassHealth. The two children are eligible for MassHealth, but the parent is not eligible. Their health insurance is an ESI 50% plan.

1. The total monthly cost of the health-insurance premium = S.
2. The employer's monthly share of the health-insurance premium = T.
3. The MassHealth estimated member share of the monthly health-insurance premium = U.
4. Calculating the estimated premium assistance payment amount:

$$\begin{array}{r}
 S = (\text{total cost of premium}) \\
 - T = (\text{employer's share of the cost}) \\
 \hline
 V = (\text{employee's share of the cost}) \\
 - U = (\text{the MassHealth estimated member share of the cost}) \\
 \hline
 W = (\text{estimated premium assistance payment amount})
 \end{array}$$

ESI 50% Plans cost-effective amount: W is compared to the MassHealth cost of covering the three individuals (X).

If W is less than X, the MassHealth agency sets the actual premium assistance payment amount at W.

If W is equal to or greater than X, the MassHealth agency sets the actual premium assistance payment amount at X.

(3) MassHealth Premium Assistance Payment Amount Calculation — Other Group Insurance Plans and Individual Student Health Insurance Plans.

(a) Determination of Actual Premium Assistance Payment Amount. In order to determine the actual premium assistance payment amount, MassHealth must review and compare the estimated premium assistance payment amount and the cost-effective amount. The estimated premium assistance payment amount and cost-effective amount are compared to calculate the actual premium assistance payment amount.

1. Estimated Premium Assistance Payment Amount. The estimated premium assistance payment amount is calculated by subtracting both the MassHealth required member contribution, as described in 130 CMR 506.012(D) and any contribution amount from an employer a person covered by this plan is eligible for from the total cost of the health-insurance premium.
2. Cost-Effective Amount. The Other Group Insurance Plans cost-effective amount is the MassHealth agency's cost of covering MassHealth-eligible premium billing family group (PFBG) members who are beneficiaries of the Other Group Insurance Plan or the Individual Student Health Insurance Plan.

MASSHEALTH: FINANCIAL REQUIREMENTS

Chapter 506
Page 506.012 (9 of 11)

(b) Comparison of Payment Amounts. MassHealth compares the estimated premium assistance payment amount and cost-effective amount to determine the actual premium assistance payment amount. MassHealth will use a monthly premium cost-equivalent in the calculation for an Individual Student Health Insurance Plan that charges premiums on an annual or semi-annual basis by dividing the premium by the number of months of coverage it provides.

1. If the estimated premium assistance payment amount is less than the cost-effective amount, the MassHealth agency sets the actual premium assistance payment amount at the estimated premium assistance payment amount.
2. If the estimated premium assistance payment amount is equal to or greater than the cost-effective amount, the MassHealth agency sets the actual premium assistance payment amount at the cost-effective amount. The policy holder is responsible for payment of the remainder of the health-insurance premium, if any.

(c) Example. A parent and two children apply for MassHealth. The two children are eligible for MassHealth, but the parent is not eligible. Their health insurance falls into Other Group Insurance Plans.

1. The total monthly cost of the health-insurance premium = S.
2. The monthly contribution amount for an employer that a person covered by this plan is eligible for = T.
3. The MassHealth required member contribution toward the monthly health-insurance premium = U.
4. Calculating the estimated premium assistance payment amount:

$$\begin{aligned} & S = (\text{total cost of premium}) \\ & - T = (\text{monthly contribution from an employer}) \\ & \quad V = (\text{employee's share of the cost}) \\ & - U = (\text{the MassHealth estimated member share of the cost}) \\ & \quad W = (\text{estimated premium assistance payment amount}) \end{aligned}$$

Other Group Insurance Plans and Individual Student Health Insurance Plans cost-effective amount: W is compared to the cost of covering only those MassHealth eligible individuals = Z.

If W is less than Z, the MassHealth agency sets the actual premium assistance payment amount at W.

If W is equal to or greater than Z, the MassHealth agency sets the actual premium assistance payment amount at Z.

(A) Introduction. 130 CMR 506.013 describes the rules and requirements for the Small Business Employee (SBE) Premium Assistance Program eligibility and the payment calculation for individuals who are eligible for this program, as described at 130 CMR 505.009: *MassHealth Small Business Employee Premium Assistance*.

(B) Premium Assistance Eligibility Criteria. (1) The ESI meets the Basic Benefit Level (BBL), as described at 130 CMR 501.001:

Definition of Terms.

(C) Required Member Contribution. For individuals eligible for the MassHealth SBE Premium Assistance Program, as described in 130 CMR 505.009: *MassHealth Small Business Employee Premium Assistance*, whose household MassHealth MAGI income is between 133% and 300% of the federal poverty level (FPL) the required member contribution can be found at 956 CMR 12.00: *Eligibility, Enrollment and Hearing Process for Connector Care*.

(D) MassHealth SBE Premium Assistance Payment Amount Calculations.

(1) Calculation of Estimated Premium. MassHealth compares the estimated premium assistance payment amount and the maximum premium assistance amount to calculate the actual premium assistance amount.

(a) The estimated premium assistance payment amount is calculated by subtracting the employer share of the policyholder's health-insurance premium and the MassHealth required member contribution of the health-insurance premium, as described in 130 CMR 506.013(C), from the total cost of the health-insurance premium.

(b) The SBE maximum premium assistance amount is \$150 per adult covered by the employer-sponsored plan in the PBFG and cannot exceed two adults.

(2) Comparison of Payment Amounts. MassHealth compares the estimated premium assistance payment amount and the SBE maximum premium assistance amount and uses the following formula to determine the actual premium assistance payment amount.

(a) If the estimated premium assistance payment amount is less than the SBE maximum premium assistance amount, the MassHealth agency sets the actual premium assistance payment amount at the estimated premium assistance payment amount.

(b) If the estimated premium assistance payment amount is equal to or greater than the SBE maximum premium assistance amount, the MassHealth agency sets the actual premium assistance payment amount at the SBE maximum premium assistance amount. The policy holder is responsible for payment of the remainder of the health-insurance premium, if any.

(3) Example. An adult applies for MassHealth and is determined eligible for SBE premium assistance. The adult has access to employer-sponsored insurance (ESI) that meets the requirements set out in 130 CMR 506.013(B). The adult has enrolled in ESI coverage from the employer.

- (a) The total monthly cost of the health-insurance premium = S.
- (b) The monthly contribution amount for an employer that a person covered by this plan is eligible for = T.
- (c) The MassHealth required member contribution toward the monthly health-insurance premium = U.
- (d) Calculating the estimated premium assistance payment amount:

$$\begin{aligned} S &= (\text{total cost of premium}) \\ - T &= (\text{employer's share of the cost}) \\ V &= (\text{employee's share of the cost}) \\ - U &= (\text{the MassHealth SBE required member contribution}) \\ W &= (\text{estimated premium assistance payment amount}) \end{aligned}$$

SBE premium assistance maximum contribution amount: $X = \$150$ times the number of adults covered by the employer-sponsored plan in the PBFG, not to exceed two adults.

Actual SBE premium assistance amount: W is compared to X .

If W is less than X , the MassHealth agency sets the actual premium assistance payment amount at W .

If W is equal to or greater than X , the MassHealth agency sets the actual premium assistance payment amount at X .

(E) MassHealth SBE Premium Payment Administration.

(1) SBE Premium Assistance Payments.

- (a) The MassHealth agency makes only one SBE premium assistance payment per policy.

- (3) Termination of Premium Assistance Payments.
 - (a) If a member's health insurance terminates for any reason, the MassHealth SBE premium assistance payments end.
 - (b) If there is a change in the services covered under the policy such that the policy no longer meets the BBL requirements, the SBE premium assistance payments end.
 - (c) Members who become eligible for a different coverage type in which they are not eligible to receive an SBE premium assistance benefit receive their final SBE premium assistance payment in the calendar month in which the coverage type changes.
