Option to Pay Higher Tax Rate

I direct the entity named above to pay tax on my behalf at the optional higher tax rate of 5.85%. (If box is not checked, tax will be paid at the rate set in MGL, ch. 62, sec. 4).

Statement

I am an individual nonresident of Massachusetts. (Only full-year nonresidents may participate in composite returns.)

I acknowledge that I have an obligation to file a return, make estimated tax payments if required, and pay my pro rata share of any penalty and interest due for any underpayment of estimated taxes. I agree to be subject to jurisdiction in Massachusetts.

I elect to participate in a composite return filed on my behalf by the entity named above. My participation in a composite return by the entity named above will meet my obligation to file a return and make estimated payments with regard to my distributive share from that entity.

I waive the right to claim, with regard to the income reported on the composite return, any deductions, exemptions, and credits.

I have given the filing agent a power of attorney to represent me in making, executing, and filing the composite return, making tax payments and estimated tax payments, and receiving notices from the Department of Revenue on my behalf. (Attach a properly completed Massachusetts Power of Attorney Form M-2848 to fulfill the power of attorney authorization requirement.)

Signed under the penalties of perjury.
