HMO = Health Maintenance Organization A type of plan in which you can only go to doctors, hospitals and other providers that belong to the plan network, except in an emergency.

MSA = Medical Savings Account A plan that has two parts. The first part is a high-deductible Medicare Advantage MSA Health Plan. This health plan won't begin to pay covered costs until you have met the annual deductible, which varies by plan. The second part is a Medical Savings Account which Medicare deposits money that you may use to pay health care costs.

PPO = Preferred Provider Organization A type of plan in which you pay less if you use doctors, hospitals and other providers that belong to the plan network. You may also use doctors, hospitals, and other providers outside of the network for an additional cost.

PFFS = Private Fee for Service A type of Medicare Health Plan in which you may go to any Medicare-approved doctor or hospital that accepts the plan's payment. The insurance plan, rather than the Medicare Program decides how much it will pay and how much you will pay for the services you receive. Under this type of plan, you may pay more or less for Medicare-covered benefits and you may have extra benefits that Original Medicare Plan doesn't cover.

SCO = Senior Care Option A voluntary program that combines health care services with social support services to help low-income seniors maintain their health and stay in their own homes. With SCO, a team of medical professionals work together to provide you with care that is individually tailored to meet your needs. You must be 65 years of age or older and eligible for MassHealth (Medicaid) to join. You may also have Medicare.

SNP = Special Needs Plan A special type of Medicare Advantage Plan that provides all Medicare Part A and Part B health care and services to people which may include services like special care for chronic illnesses, care management of multiple diseases and focused care management. These plans may limit membership to people in certain institutions (like a nursing home), eligible for both Medicare and Medicaid or with certain chronic or disabling condition.
