REPORT OF THE EXECUTIVE DIRECTOR

1. MARIS / Robert C. Minue Project Update - Monthly Project Status Report

Mr. Favorito informed the Board that the December pension payroll and weekly disbursement payrolls since the last meeting had been successfully processed. Staff added 285 new retirement and survivor payees for December. Mr. Favorito indicated that even
with MARIS’ implementation in 2017 and ongoing work, Board staff in 2017 exceeded the total number of new retirees added in 2016 by almost 250 and were to be commended for their efforts.

MARIS Program Manager Pratap Modapothala updated the Board on the progress of ongoing work and noted the inclusion this month of dashboards for reference related to the annual processes scheduled for execution in January 2018 (Form 1099-R’s, local retirement board COLA reimbursements, and MSERS member data for PERAC’s actuarial valuation).

Mr. Modapothala indicated that Sagitec had delivered a revised project plan that includes activities for all the annual processes and additional expected MARIS support activities, reflecting scope and resource requirements from now until June 2018. The PMO team will continue to work on finalizing a plan of action for resolving any outstanding Application/Data PIR (i.e., system defects) and addressing design changes (i.e., system enhancements).

John Malone from Gartner summarized the ongoing work for each of the annual process workstreams. While challenges remain, final execution dates have not been altered. The ability of Sagitec and MSRB resources to complete expected tasks in the next four-five weeks will be important.

Ms. Welch added that in addition to the workstreams for the annual processes, staff continued to work on the annual joint project with the GIC. The Board has resumed its partnership for the mailing which will go out in early January to active members indicating their beneficiaries on record with the Board. Additionally, hundreds of application PIR’s remain, as do expected changes to benefit estimate functionality, and improvements on service purchase functionality.

Board Member Christopher Condon arrives at the meeting

Ms. McGoldrick inquired whether members with imminent retirement dates were advanced for purposes of completing their service purchases. Ms. Welch indicated they are completed to avoid delaying retirement. The service purchase form does include a question asking if a member has an upcoming retirement date.

Mr. Valeri suggested if content could be added to the web site and in general communications to remind members to highlight an upcoming retirement if they have a service purchase pending.

2. **YTD Fiscal 2018 Operating & Capital Budgets**
Mr. Favorito referred the Board to the YTD Fiscal 2018 Operating and Capital Budgets (through November 30, 2017) which had been handed out as part of the Agenda materials.

3. **Board Members / Election Update**
Mr. Favorito informed the Board that the general election notice had been issued on December 8, 2017 to the system membership followed up with postcard notices. Nomination papers are now available and must be filed by the close of business January 19, 2018.

December 2017
Mr. Favorito also noted to the Board that since the term of the Fifth Member expires at the end of February 2018 notice would be posted on the web site next week for those interested in serving in that capacity and how to submit resumes and statements of interest.

4. **Section 91A Status**
   Mr. Favorito provided information to the Board related to the outstanding hearing requests submitted by members in overearning cases for the 2014, 2015 and 2016 reporting years.

5. **Exclusive Benefit Rule Update**
   Mr. Favorito indicated that counsel for the MSERS & MTRS had spoken last week with counsel for A&F who was waiting on final comments from A&F. Comments forwarded by the MSERS & MTRS were generally agreeable. At that point the hope was to file the request before the end of the year.

6. **ORP- Section 60 TIAA Account Transfers**
   Mr. Favorito summarized a proposed policy related to the transfer of assets by former ORP participants who had become members in the MSERS. The policy addressed the steps and responsibilities for those transferees who have funds on account in the ORP with the TIAA Traditional Account product.

   On a motion by Mr. Valeri, seconded by Ms. McGoldrick, the Board authorized staff to finalize the proposed policy consistent with that presented.

7. **PRIM Update**
   Due to the earlier meeting date this month for the Board the monthly investment performance information provided by PRIM was not available and would be shared at the January meeting.

8. **Legal Update**
   Board members reviewed some of the most recent DALA/CRAB and court decisions involving the MSRB as summarized by the legal staff. Of note were two Appeals Court decisions issued on December 15, 2017 involving pension forfeiture appeals of two MSERS members. The Board’s actions forfeiting benefits were upheld.

   On a motion by Ms. McGoldrick and seconded by Mr. Valeri the Board authorized out of state travel for senior staff wishing to attend the NASRA/ NCTR Legislative Conference in Washington, D.C.
