The Massachusetts Board of Registration in Nursing (Board), as a regulatory agency of state government, protects the health, safety and welfare of the citizens of the Commonwealth through the regulation of nursing practice and education. The Board’s regulations at 244 CMR 6.00: Approval of Nursing Education Programs establish uniform standards (i.e., regulations) for the approval of pre-licensure nursing education programs (program). Complaints which allege a program’s failure to comply with regulations at 244 CMR 6.00 must be submitted to the Board using the attached complaint form.

When information from a complaint investigation indicates that a Nursing Program has violated a regulation, the Board may take administrative action against the Program, ranging from directing the Program to demonstrate compliance, reviewing the approval status of a Program, or conducting a site survey.

The Board cannot represent you in civil matters in a court of law or other tribunal to recover fees paid or to seek remedies for injuries. You may wish to consult a private attorney regarding these matters.
