Welcome to DCR’s Otter River State Forest

The first state forest in the region, Otter River State Forest encompasses over 7,000 acres of land, providing recreational opportunities and environmental stewardship. The forest is part of the Massachusetts Department of Conservation and Recreation and is managed to provide a variety of outdoor activities and services.

The forest offers hiking, mountain biking, cross-country skiing, and snowshoeing trails, as well as fishing in the Otter River and its tributaries. Otter River State Forest is also home to a diverse array of wildlife, including deer, turkey, and various bird species.

For more information, please visit the Massachusetts Department of Conservation and Recreation website or contact the park directly.
