REPORT OF THE EXECUTIVE DIRECTOR

1. **MARIS / Robert C. Minue Project Update - Monthly Project Status Report**

MARIS Program Manager Pratap Modapothala and Satish Kumar of Linnea Solutions / Gartner reported to the Board on the past month’s activities. They referenced the Board memo and dashboards in the meeting materials.

Mr. Modapothala noted that the February pension payroll and the weekly disbursement warrants that generate member refunds and rollover distributions had properly been executed. Notably Board staff had issued retiree 2017 Form 1099-R’s for the first time out of MARIS at the end of January. Additionally, the 1099-R file had been submitted to the IRS.

Over the next few weeks Board staff will be preparing to send the Actuarial Reporting data file for the retired member population to PERAC; then to be followed by the active member data.

Mr. Valeri asked whether staff had noticed any notable changes in the retiree data file that would potentially impact the MSERS financing and liabilities. He pointed to what appeared to be a higher than typical increase in the average first pay benefit reported by the staff specifically from December 2016 into January 2017. For the remainder of 2017 the average increase from month to month had remained relatively consistent as in past years. Mr. Favorito indicated staff would review the data and report back to the Board in March.

Mr. Favorito indicated retiree responses and inquiries to the Form-1099’s had been consistent with other years despite some first-time changes to the reporting. These changes included Alternate Payees receiving their own 1099’s; retirees who turned 59½ during 2017 received two 1099’s; and beneficiaries receiving stipends also receiving their own 1099’s. Mr. Favorito noted that the outreach efforts by Board staff particularly Operations Director Karen Richardson and Paula Daddona and the Board’s Communications Unit had
helped. He also reported that the GIC's annual mailing to active members and retirees was scheduled to issue in the first half of March and staff were being prepared to address related member inquiries.

Ms. Welch reported that in addition to the previously mentioned work, staff were also continuing their efforts around member data clean-up. Workloads remained high particularly for the subject matter experts.

Mr. Favorito added that new staff including up to three Benefit Calculation Analysts and two Benefit Calculation Support Analysts were being finalized and would start during the month of March to address vacancies caused by staff departures, movement within the MSRB, and leaves of absences. The new staff would eventually help with the ongoing retirement application volume and expected applications.

2. **YTD Fiscal 2018 Operating & Capital Budgets**
Mr. Favorito referred the Board to the YTD Fiscal 2018 Operating and Capital Budgets vs. actuals (through January 31, 2018) which had been handed out as part of the Agenda materials.

Mr. Favorito reported to the Board that the MSRB, the MTRB and Treasury had been contacted by KPMG who was carrying out the Commonwealth statewide audit regarding a potential Management Letter Comment. The issue related to the process currently used by the Commonwealth for the development, review and approval of actuarial assumptions used by the Commonwealth for both valuation and financial reporting purposes. Mr. Favorito indicated that discussions were ongoing among the parties and he would provide additional information on their progress at the March meeting.

3. **Board Members / Election Update**
Mr. Favorito updated the Board on the progress of the Board Member election. Ballots had been issued and votes could be submitted through March 16, 2018. At last report the Board’s vendor had received 7,506 ballots, which represented 5% of those issued. 2,717 by mail; 1,289 by telephone; and 3,500 electronically.

4. **Conflict of Interest Law / Annual Certification**
The Board reviewed the educational materials relating to G.L. Chapter 268A, which included the statute and regulations. They were provided certifications of receipt to execute and return.

5. **PERAC Statement of Financial Interest**
Mr. Favorito referred the Board to a copy of the statements of financial interest which had been sent by PERAC to Board members and need to be filed by the end of May.

6. **PRIM Update**
The Board reviewed the monthly investment performance information provided by PRIM through the month of December 2017.
7. **Legal Update**  
Board members reviewed some of the most recent DALA/CRAB and court decisions involving the MSRB as summarized by the legal staff.

8. **Board/Staff Communications**  
Mr. Favorito reviewed with the Board some of the most recent member and Board communications received.

**THE BOARD GOES INTO EXECUTIVE SESSION.** At approximately 10:51 A.M. the Board entered Executive Session to review applications for disability retirement, associated benefits, and to also consider the reputation, character, physical condition or mental health of individuals with business before the Board. The Board indicated that it would return to Open Session after the Executive Session.
