

Massachusetts Forest Legacy Program FY2020 Project Application Instructions

The Massachusetts Forest Legacy Program is now accepting project proposals for consideration in the Federal Fiscal Year 2020 appropriation process.

Project proposals submitted in previous years, but not funded, must be submitted again and comply with this announcement for consideration in FY 2020. Funding should be available for successful project proposals in the spring of 2020.

Application Deadline:

Completed project proposals must be received no later than **5:00 PM on September 10, 2018.**

Submission Instructions:

- A. Send **one electronic copy** of the proposal and supporting documentation to the appropriate **Forest Legacy Area Sponsor:**

Estabrook Woods

Joan Ferguson
Concord Land Conservation Trust
PO Box 141, Concord, MA 01742
(978) 369-6526
info@concordland.org

Heritage Corridor

Ed Hood
MassConn Sustainable Partnership
30 Peck Road, Monson, MA 01057
(508) 347-9144
ehood@opacumlt.org

Nashua River Greenway

Al Futterman
Nashua River Watershed Association
592 Main Street, Groton, MA 01450
(978) 448-0299
alf@NashuaRiverWatershed.org

North Quabbin Corridor

Leigh Youngblood
Mount Grace Land Conservation Trust
1461 Old Keene Road, Athol, MA 01331
(978) 248-2051 x20
youngblood@mountgrace.org

Western Massachusetts

Bob Perschel
New England Forestry Foundation
PO Box 1346, Littleton, MA 01460
(978) 952-6856
rperschel@newenglandforestry.org

- B. Send one paper copy and one electronic copy** of the proposal and supporting documentation to the **Forest Legacy Program Coordinator:**

Lindsay Nystrom
Forest Legacy Program
Department of Conservation & Recreation
355 West Boylston Street
Clinton, MA 01510
lindsay.nystrom@state.ma.us

The Cover Letter, Interest Owner Letter of Commitment, Landowner Participation Letter, and Letters of Support mailed to the above address must include original signatures.

- C. Forest Legacy project proposals must also be entered into the "Forest Legacy Information System" (FLIS) no later than 5:00PM on September 10, 2018** for project proposals to be considered complete and eligible for review and ranking by the Massachusetts Forest Legacy Committee.

Application Instructions:

Application must be submitted with all of the following supporting documentation to be considered complete. **Download FY2020 templates for these documents from the MA Forest Legacy Program website (<http://www.mass.gov/guides/forest-legacy-projects>).**

1. Cover Letter containing the following information:
 - a. Project Partner's Contact Information: name, organization, address, phone, e-mail
 - b. Is this a multi-State project? If so, explain and list state(s) involved. Include letter of support from partner(s) in other state(s).
 - c. Description of the project and how the project proposal will meet the criteria in the "Massachusetts Assessment of Need" and protect the **public benefits** and **environmental values** identified for the specific "Forest Legacy Area".
2. Forest Legacy Project Information Worksheet: Describe the project and the public benefits and environmental values to be protected. Please refer to the "FLP Project Scoring Guidance" for information on the criteria on which your project will be scored. This data must also be entered into FLIS.
3. Forest Legacy Tract Information Worksheet: Enter tract characteristics and cost share information. This data must also be entered into FLIS.
4. Interest Owner Letter of Commitment: Letter from State Agency, Municipality, or Federal Government (on appropriate letterhead and with authorized original signature) stating that they agree to hold the Forest Legacy Title Interests (Fee and / or CR).
5. Landowner Participation Letter: Letter signed by the landowner(s) with original signatures of **all legal owners** stating the following information:
 - a. The Project Partner has explained the requirements of the Forest Legacy Program, reviewed the Forest Legacy Program Conservation Restriction / Deed Template with the

landowner, and the landowner agrees to include their property for consideration in the FY2020 application process,

- b. If the interest to be acquired is a Conservation Restriction, include a statement that the project partner has explained:
 - What a Forest Stewardship Plan is and the requirement to have a Forest Stewardship Plan filed with DCR and approved by the State Forester.
 - That one of the scoring criteria for the Forest Legacy Program is that the project increases dispersed pedestrian public access. The letter must state if the landowner has agreed to full, restricted, or no public access on the CR property.
6. Budget Information Worksheet: The budget information must also be entered into FLIS. All numbers in the budget must be rounded to the nearest \$5,000.
7. Boundary / Shapefile(s): For each tract, a shapefile with the boundary of the land to be protected must be included. Bundle all files associated with your tract boundary into a .zip file folder.
8. Photos: Up to 4 Photos of the project can be included in the application.
9. Letters of Support: Letters of support, with original signatures, from all supporting parties listed in FLIS. Letters from U.S. and State representatives, State and federal wildlife and conservation agencies, municipal governments, and local conservation organizations are encouraged.

All project proposals must:

- Meet the goals of the Massachusetts Forest Legacy Program.
- Identify any federal lands or federal investments the project complements.
- Comment to what extent public access will be provided (Full, None, Restricted) and describe the type of public access that will be allowed or an explanation of why public access will be restricted or prohibited.
- Name the “Project” using a term that **will not** identify the landowner’s name.
- Identify each “Tract” in priority order. **Do not** use landowner’s name in FLIS. Identify tracts as: Tract 1, Tract 2, Tract 3, etc.
- Request no more than \$7,000,000.00 in Forest Legacy Program funding.
- Round the budget up to the nearest \$5,000.00. Including the “Total Tract Cost” (“Tract Cost” in FLIS), the “Forest Legacy Program Funding Request” (“FLP Funding” in FLIS), and the “Cost Share Information Amount” (“Non-Federal Cost-Share” in FLIS) for each Tract on the Tract Information Worksheet.
- If it is a multiple year proposal (phased project), indicate which phase of the project is being considered this year, how many phases have been completed, and whether additional phases will be necessary if this phase is not fully funded. Individual phases will compete each year as standalone projects against all other proposed projects.

- If it is a new proposal, indicate whether the project can be phased and which tracts would make up the phases. (Be advised that stating the project may NOT be phased risks that the project prioritization panel will opt not to fund the project at all.)
