Questions September 1, 2018

1. When can year one costs start to be incurred?

Costs can incurred for Year One as of July 1, 2018.

2. Under section 2.7 Funding Source, it states that two organization have earmarks for funding. If an applicant chooses to partner with one of these programs in their proposal, are these earmarks separate from/in addition to the funding amount we request in our proposal? Or will these earmarks come out of the grant award?

The earmarks are separate from the application and should not be considered part of the request.

3. Will the online application form include a section for indirect costs?

Indirect costs should be included in the administrative section of the budget.

4. Will there be a length/page limit for narrative responses?

Character limit for a narrative is 4,000 or about a page.
