805 CMR 7.00: RETIRED MUNICIPAL TEACHERS

Section

7.01: Retired Municipal Teachers: In General

(1) A Local Governmental Unit that accepts M.G.L. c. 32B, § 11E shall inform the Commission in writing of its decision to transfer its retired teachers to the Commission's Health Coverage for Retired Municipal Teachers.

(2) Upon receiving the Local Governmental Unit's acceptance notice, the Commission shall consider applications from the Local Governmental Unit and shall notify the Local Governmental Unit's treasurer that the Commission has approved the coverage transfer. Thereafter, the Local Governmental Unit shall promptly notify all teachers whom it employs that they must be enrolled in the Local Governmental Unit's basic life insurance upon retirement in order to be eligible for the Commission's life insurance and Retired Municipal Teacher health coverage.

(3) Eligible retiring teachers or their surviving spouses, as applicable, who apply when first eligible to be insured in the Retired Municipal Teachers' Program, must complete a Commission application in order to avoid a lapse in coverage. Teachers shall complete and submit their applications to the Commission approximately three months before their anticipated Coverage effective date determined by the Commission.

(4) (a) Retiring teachers whose Local Governmental Unit participates in the Commission's Retired Municipal Teacher program are required to be insured with the Local Governmental Unit upon Retirement in order to be eligible for Commission coverage.

(b) The Local Governmental Unit providing Retired Municipal Teacher coverage shall provide a notice to all newly hired teachers informing them that they must be enrolled in the Local Governmental Unit's life or life and health coverage at retirement in order to be eligible for Retired Municipal Teacher coverage. The Local Governmental Unit shall allow teachers who have a right to retire but defer their retirement to maintain their eligibility by continuing to be insured for Basic Life Insurance or Basic Life and Health Insurance.

(5) Teachers from a Local Governmental Unit that decides to join Health Coverage pursuant to M.G.L. c. 32B, § 19 are considered to be Retired Municipal Teachers only if their retirement date occurs before July 1st of the year in which the teachers' Local Governmental Unit joins Health Coverage.

(6) Retired teachers who decline Retired Municipal Teacher coverage when they are first eligible may later enroll only during annual enrollment or with satisfactory proof of loss of other health coverage. The Local Governmental Unit must certify to the Commission that the Retired Municipal Teacher was insured at retirement in the Local Governmental Unit's life or life and health coverage.

7.02: Transfer Procedures, Effective Date of Insurance

(1) The Commission shall contact retiring teachers about their applications for Retired Municipal Teacher coverage, and shall determine their effective dates of coverage. The Local Governmental Unit shall continue to be responsible for providing the retiring teachers' premium contributions to their Local Government Unit coverage until such time as their Retired Municipal Teacher coverage becomes effective.
7.02: continued

(2) The Local Government Unit must process Retired Municipal Teacher coverage as follows:
   (a) The Local Governmental Unit shall continue to collect premium payment from the
       retired teachers or their surviving spouses, as applicable, until the Commission sends notice
       that premium payment has been transferred to pension deduction.
   (b) The Local Governmental Unit shall furnish Commission applications to all retiring
       teachers who, at the time of retirement, are enrolled in life insurance coverage or life and
       health insurance coverage, along with the notice described in 805 CMR 7.01(2), three months
       prior to their expected retirement date.
   (c) The Local Governmental Unit shall continue to collect retiring teachers' premium for
       two Calendar Months following the month in which the teacher retires. The first day of the
       third Calendar Month following the month in which a teacher retires, or a date otherwise
       determined by the Commission, is the retired teacher's coverage effective date, provided that
       the retiree pays the required monthly premium for coverage. The Commission shall notify
       the Local Governmental Unit of all retirees' effective dates of Commission coverage.

7.03: Correction of Incorrect Premium Payment

(1) If a Local Governmental Unit continues to bill a retiring teacher and also receives premium
    payment after the retiring teacher's effective date of Commission coverage, the Local
    Governmental Unit shall refund the payment to the retiring teacher upon satisfactory proof of
    payment.

(2) If a Local Governmental Unit ceases billing a retiring teacher before his or her Retired
    Municipal Teacher's coverage effective date, creating a premium payment lapse, the Local
    Governmental Unit shall bill the teacher for past and current premium due until the Commission
    notifies the Local Governmental Unit to discontinue billing.

(3) If the Commission's premium is not deducted from the retiring teacher's pension or annuity,
    the Commission shall bill the teacher directly until the premium has been deducted. Failure to
    pay the required premium on time shall result in termination of coverage.

7.04: Coverage Options

The Commission shall determine the health coverage options available to Retired Municipal
Teachers.

7.05: Termination of Retired Municipal Teacher Status

(1) If the Local Governmental Unit subsequently withdraws from Commission coverage, all
    Retired Municipal Teachers will cease to be eligible for the Commission's Retired Municipal
    Teacher coverage. The Commission and the Local Governmental Unit shall jointly determine
    the termination effective date.

(2) Retired Municipal Teachers whose Local Governmental Unit agrees to join the
    Commission's Health Coverage pursuant to M.G.L. c. 32B, § 19 cease to be Retired Municipal
    Teachers and, in so doing, their Commission's Basic Life Insurance and Retiree Dental Coverage
    ends on the date on which the Municipal Employer joins the Commission's Health Coverage.

(3) A Local Governmental Unit that decides to join Health Coverage pursuant to M.G.L. c. 32B,
    § 19 must continue to contribute its premium share to Retired Municipal Teacher coverage until
    the date that all of the Local Governmental Unit's insureds begin their Health Coverage.
