GIC BENEFITS DECISION GUIDE
FOR COMMONWEALTH OF MASSACHUSETTS
MUNICIPAL
EMPLOYEES, RETIREEES & SURVIVORS

ANNUAL ENROLLMENT:
April 4 – May 2, 2018

2018 – 2019
Benefits and rates effective
July 1, 2018

Commonwealth of Massachusetts
Group Insurance Commission
Annual Enrollment offers you the opportunity to review your benefit options and enroll in or change your coverage. If you want to keep your current benefits, you do not need to complete any paperwork, as your coverage will continue automatically.

- **Review this guide.** Learn about important benefit and rate changes effective July 1, 2018 and review your options for health insurance products and benefit programs.
- **Attend a GIC health fair.** Health fairs offer the opportunity to speak with GIC staff and carrier representatives about the products and benefits available to you. Find information about health fair events at mass.gov/orgs/group-insurance-commission.
- **Contact the carriers.** Carrier specific questions such as network coverage, doctor, drug tiers or wellness benefits should be directed to the appropriate carrier. (See page 21 for more information on how to contact your carrier.)
- **Consider a less expensive option.** If you are a non-Medicare retiree, you may have the option to select a lower cost regional or limited network product. These products have the same or better benefits as broad network products, but at a lower cost because they have a smaller network of providers (doctors and hospitals).
- **Active municipal employees can enroll in coverage for the first time at Annual Enrollment or within 60 days of a qualifying event.** Qualifying events include marriage, birth/adoption of a child, involuntary loss of other coverage, spouse’s Annual Enrollment or return from an approved FMLA or maternity leave. New hires may enroll in coverage during their first 10 days of employment and also during Annual Enrollment.

### 3 Ways to Lower Your Out-of-Pocket Costs

- Use non-emergency care facilities instead of an emergency room for non-urgent care
- Consider utilizing your carrier’s Telehealth option
- If enrolled in a non-Medicare product, before receiving non-emergency services, check your health insurance carrier’s cost estimator to find high-quality, low-cost services

---

**IMPORTANT REMINDERS!**

- **Complete Annual Enrollment forms by Wednesday, May 2, 2018.** Active employees should return forms to the GIC Coordinator in your municipality. Retirees can mail their forms to the GIC. All forms are available on the GIC website at mass.gov/gic-forms.
- **Once you choose health care coverage, you cannot change products until the next Annual Enrollment period.** Even if your doctor or hospital leaves the health insurance product, unless you have an eligible qualifying status change, you must remain enrolled in your selected plan until the next Annual Enrollment. You can find a list of qualifying status changes on the GIC’s Annual Enrollment website at mass.gov/orgs/group-insurance-commission.
- **Physician and hospital copay tiers change each July 1.** If you are enrolled in a non-Medicare product, please check with your insurance carrier to see if your provider or hospital tier has changed.
- **Doctors and hospitals within a carrier’s network can change during the year, usually because of a health carrier and provider contract issue, practice mergers, retirement or relocation.** If your doctor is no longer available, your health insurance carrier will help you find a new one.
- **When checking provider coverage and tiers, be sure to specify the health insurance product’s full name, such as “Tufts Health Plan Spirit” or “Tufts Health Plan Navigator,” and not just “Tufts Health Plan.”** The health insurance carrier is your best source for this information.

Terms to Know:

Most products require GIC member cost-sharing involving one or more of the following.

**Copay:** A fixed dollar amount (e.g., $20) that you pay for a covered health care service, such as a visit to your doctor or a specialist.

**Deductible:** A dollar amount you need to pay each year before your product pays for covered health care services.

**Out-of-Pocket Maximum:** The maximum amount you will pay each year for certain covered services that apply toward the maximum, after which your product will begin to pay in full for these covered services.

**Coinsurance:** Your share of the costs of a covered health care service, typically calculated as a percentage of the amount allowed for the service provided.

**Out-of-Network Provider:** A medical provider which has not contracted with your insurance company for reimbursement at a negotiated rate. Some health insurance products, like HMOs, do not reimburse out-of-network providers at all, which means that you would be responsible for the full amount charged by your doctor. While an in-network provider is preferable in terms of lowering your out-of-pocket costs, there are some cases where seeing an out-of-network provider may be necessary, such as in an emergency or to receive certain specialized care.
Welcome to Annual Enrollment!

Dear Colleague:

As Executive Director of the Group Insurance Commission, I am privileged to have the opportunity to serve you and advance our goal to help every member access high-value health care benefit options at an affordable cost.

GIC members are at the center of this important work, and to that end, we continue to develop channels from which to hear directly from you, our members. We conducted a member survey last fall and have since held public forums to hear from you in person. You shared your concerns about maintaining your health plan benefits, and about the rising costs of health care and prescription drugs, which are growing at rates much faster than wages. You have also told us that while you are generally satisfied with your health plan, you want us to do more to try to control premium and other out-of-pocket costs.

With this in mind, this year, the GIC has taken steps to bend the trend when it comes to containing these costs, while conserving benefits and options for members. Overall, this year’s aggregate premium rate increase is being kept to zero percent, and a number of member-friendly enhancements have been made to serve you better, including some reduced copays and deductibles.

You should consider this year’s Benefits Decision Guide, and our website mass.gov/orgs/group-insurance-commission to be your go-to-resources for identifying and selecting the best plan. I also encourage you to attend one of this year’s health fairs, at which you can meet with health plan representatives and other providers and GIC staff about your benefits.

Thank you for your service to the Commonwealth.

Sincerely yours,

Roberta Herman, M.D.
Executive Director
Group Insurance Commission
Welcome to Annual Enrollment!

Learn What’s New During Annual Enrollment

This year’s Annual Enrollment gives you the opportunity to review your benefit options and enroll in a health insurance product or make changes to your benefits. GIC has made specific benefit changes and is introducing a number of member-friendly enhancements to its health insurance products.

What’s Changing This Year:

If you are a MEDICARE eligible GIC Retiree:

• The Fallon Senior Plan will no longer be offered. Please review the Benefits-at-a-Glance section for information about this year’s product offerings or contact the health insurance carriers with specific questions about their GIC Medicare product (See page 21 for more information on how to contact your carrier.)

• CVS SilverScript will be your prescription drug administrator. When you enroll in medical coverage through the GIC, you will automatically receive prescription drug coverage through CVS SilverScript. CVS SilverScript offers cost management resources and live customer service support so you can best understand and manage your prescription costs. **With SilverScript, you have a separate ID card for your pharmacy benefit. Don’t forget to bring it with you to the pharmacy when you get your prescriptions filled.** If you have questions about this program, visit [gic.silverscript.com](http://gic.silverscript.com) or call 1.877.876.7214.

If you are an ACTIVE or NON-MEDICARE eligible GIC Retiree:

• Increased choice for you and your spouse: GIC members will now be able to select a Medicare product offering from a separate health insurance carrier than their spouse’s non-Medicare product.

• Health benefit changes for the coming year: In response to your feedback, the GIC has implemented a number of changes to help reduce your out-of-pocket costs and make using your benefits easier, including:
  • Reduced copays when seeing a Tier 3 specialist (Tier 3 copays will now be $75, down from $90 last year)
  • Members will no longer be charged ambulance copays after their deductible
  • All members will have access to $15 Telehealth coverage
  • Utilizing hospice care will no longer require prior authorization
  • Some regional and limited network products will now have lower deductibles

More information is detailed in this *Benefits Decision Guide*.

• Integration of Medical and Behavioral Health Benefits: To better integrate your care, effective July 1, you will receive behavioral health benefits through your health insurance carrier. Please contact your health insurance carrier to learn more about this change.

• Express Scripts will be your prescription drug administrator: If you are enrolled in medical coverage through the GIC, you will automatically receive prescription drug coverage through Express Scripts (ESI). Express Scripts offers cost management resources and live customer service support so you can best understand and manage your prescription costs. **With Express Scripts, you have a separate ID card for your pharmacy benefit. Don’t forget to bring it with you to the pharmacy when you get your prescriptions filled.** If you have questions about this new program, visit [express-scripts.com/gicrx](http://express-scripts.com/gicrx) or call 1.855.283.7679.

Personal or Family Information Changes?

You must notify the GIC of family status changes, such as legal separation, divorce, remarriage, and/or addition of dependents. Failure to do so can result in financial liability to you.

Please notify the GIC when any of the following changes occur:

• Marriage or remarriage
• Legal separation
• Divorce
• Address change
• Birth or adoption of a child
• Legal guardianship of a child
• Remarriage of a former spouse
• Dependent age 19 to 26 who is no longer a full-time student
• Dependent other than full-time student who has moved out of your health plan’s service area
• Death of a covered spouse or dependent
• You have GIC COBRA coverage and become eligible for other coverage
Drug Reminders and Warnings

For most GIC Medicare enrollees, the drug coverage you will have through your GIC health plan is a **better value** than a basic Medicare Part D drug plan. Therefore, most individuals should **not** enroll in a non-GIC Medicare Part D drug plan.

• A “Notice of Creditable Coverage” is in your plan handbook. It provides proof that you have comparable or better coverage than Medicare Part D. If you should later enroll in an individual Medicare drug plan because of changed circumstances, you **must** show the Notice of Creditable Coverage to the Social Security Administration to avoid paying a penalty. **Keep this notice with your important papers.**

• If you are a member of **Tufts Medicare Preferred**, your plan will include Medicare Part D effective July 1, 2018. You will receive a federal government-required opt-out mailing in early May. **Do not opt out of the SilverScript Part D program.** If you do, you will lose your GIC health, behavioral health, and prescription drug benefits and will not be able to re-enroll until next spring.

• All GIC Medicare plans automatically include Medicare Part D coverage. **Do not enroll in a non-GIC Medicare Part D product.** If you enroll in another Medicare Part D drug product, the Centers for Medicare & Medicaid Services will automatically dis-enroll you from your GIC health product, which means you will **lose your GIC health, behavioral health, and prescription drug benefits.**

• If you have extremely limited income and assets, contact the Social Security Administration to find out about subsidized Part D coverage.

• If your adjusted gross income, as reported on your federal tax return, exceeds a certain amount, Social Security will impose a monthly additional fee called IRMAA (Income-Related Monthly Adjustment Amount). Visit [medicare.gov](http://medicare.gov) for more information. Social Security will notify you if this applies to you.
This chart is an overview of the Medicare health insurance product benefits. It is not a complete description. Benefits are subject to certain definitions, conditions, limitations and exclusions as spelled out in the respective health insurance carriers’ documents. With the exception of emergency care, there are no out-of-network benefits for the GIC’s Medicare HMOs.

* Benefits and rates of Tufts Health Plan Medicare Preferred are subject to federal approval and may change January 1, 2019.

For the rate you will pay as a municipal employee or retiree/survivor, see separate rate chart from your municipality or the GIC’s website: mass.gov/guides/gic-rates.
Medicare-Eligible GIC Retirees

The GIC has made a few changes to our products for Medicare-eligible retirees this year. Please note that the Fallon Senior Plan will not be offered on July 1, 2018. Members of this plan who do not take action will be defaulted into Tufts Medicare Complement.

Here is everything you need to know:

Tufts Health Plan - Medicare Preferred HMO (Medicare Advantage)

About the Product:
• Provides coverage through the plan’s network of doctors, hospital and other providers
• Members must select a Primary Care Provider (PCP) to coordinate their care and obtain referrals to specialists
• No out-of-network benefits are provided, with the exception of emergency care
• The prescription drug portion is an Employer Group Waiver Plan (EGWP), under contract with the federal government that includes Medicare Part D prescription drug benefits and extra coverage from the GIC
• Prescription drug benefits are administered by CVS SilverScript

What’s changing for this plan year:
• Product includes Medicare Part D effective July 1, 2018. You will receive a federal government required opt-out mailing in early May. Do not opt out of the SilverScript Part D program.
• Separate vendor for prescription drug coverage: CVS SilverScript
• You will also have a separate ID card for your pharmacy benefit

Terms to Know:

HMO (Health Maintenance Organization): A health insurance product providing coverage for treatment by a network of doctors, hospitals and other health care providers within a certain geographic area. HMOs do not offer out-of-network benefits, with the exception of emergency care. Selection of a Primary Care Provider is required.

PPO (Preferred Provider Organization): A health insurance product providing coverage by network doctors, hospitals, and other health care providers. It allows treatment by out-of-network providers, but at a lower level of coverage. A PPO plan encourages the selection of a Primary Care Provider.

POS (Point of Service): A health insurance product providing coverage for treatment by a network of doctors, hospitals and other health care providers. Selection of a Primary Care Provider is required. To get the lowest out-of-pocket cost, a member must get a referral to a specialist.

Indemnity Plan: Comprehensive coverage anywhere in the world for many health services including hospital stays, surgery, emergency care, preventive care, outpatient services and other medically necessary treatment. You can get services from any provider, anywhere in the world. Keep in mind, however, that benefits differ depending on the service and the provider, and that not all services are covered.

The GIC has contracted with CVS SilverScript to manage the prescription drug benefit for all GIC Medicare medical products. Your prescription drug benefit is an Employer Group Waiver Plan (EGWP). The product combines a standard Medicare Part D prescription drug plan with additional coverage provided by the GIC.

**Drug Copayments**

All GIC medical products provide benefits for prescription drugs using a three-tier copayment structure in which your copayments vary, depending on the drug dispensed. Contact SilverScript with questions about your specific medications.

**Tier 1:** You pay the *lowest* copayment. This tier is primarily made up of generic drugs, although some brand name drugs may be included. Generic drugs have the same active ingredients in the same strength as their brand name counterparts. Brand name drugs are almost always significantly more expensive than generics.

**Tier 2:** You pay the *mid-level* copayment. This tier is primarily made up of brand name drugs, selected based on reviews of the relatively safety, effectiveness and cost of the many brand name drugs on the market. Some generics may also be included.

**Tier 3:** You pay the *highest* copayment. This tier is primarily made up of the brand name drugs not included in Tiers 1 or 2. Generic or brand name alternatives for Tier 3 drugs may be available in Tiers 1 or 2.

**Prescription Drug Programs**

All GIC products have the following programs to encourage the use of safe, effective and less costly prescription drugs. Contact SilverScript for details about these programs and whether they apply to drugs you are taking.

**Step Therapy**

This program requires enrollees to try effective, less costly drugs before more expensive alternatives will be covered.

**Specialty Drug Pharmacies**

If you are prescribed injected or infused specialty drugs, you may need to use a specialty pharmacy which can provide you with 24-hour clinical support, education and side effect management.

**Prior Authorization**

You or your health care provider may be required to contact SilverScript for prior authorization before getting certain prescriptions filled. This restriction could be in place for safety reasons or because SilverScript needs to understand the reasons the drug is being prescribed instead of a less expensive, first-line formulary option.

**Quantity Limits**

To promote member safety and appropriate and cost-effective use of medications, there may be limits on the quantity of certain prescription drugs that you may receive at one time.
In an effort to help GIC members save on pharmaceutical costs, the GIC has contracted with Express Scripts (ESI) to manage the prescription drug benefit for all GIC non-Medicare medical products beginning July 1, 2018. **You will receive a separate ID card that you will be required to use when filling your prescriptions.** You will be able to access a broad network of retail pharmacies to fill a 30-day supply and can fill a 90-day supply through mail order or at a CVS Pharmacy.

**Prescription Drug Deductible**

All GIC non-Medicare medical products have a fiscal year Rx deductible of $100 individual/$200 family. The prescription drug deductible is separate from your health product deductible. Once you’ve paid your prescription deductible, your covered drugs will be subject to copayment.

**Drug Copayments**

All GIC health products provide benefits for prescription drugs using a three-tier copayment structure in which your copayments vary, depending on the drug dispensed. Contact ESI with questions about your specific medications.

**Tier 1:** You pay the **lowest** copayment. This tier is primarily made up of generic drugs, although some brand name drugs may be included. Generic drugs have the same active ingredients in the same strength as their brand name counterparts. Brand name drugs are almost always significantly more expensive than generics.

**Tier 2:** You pay the **mid-level** copayment. This tier is primarily made up of brand name drugs, selected based on reviews of the relatively safety, effectiveness and cost of the many brand name drugs on the market. Some generics may also be included.

**Tier 3:** You pay the **highest** copayment. This tier is primarily made up of the brand name drugs not included in Tiers 1 or 2. Generic or brand name alternatives for Tier 3 drugs may be available in Tiers 1 or 2.

**Prescription Drug Programs**

All GIC products have the following programs to encourage the use of safe, effective and less costly prescription drugs. Contact ESI for details about these programs and whether they apply to drugs you are taking.

**Mandatory Generics**

When filling a prescription for a brand name drug for which there is a generic equivalent, you will be responsible for the cost difference between the brand name drug and the generic, **plus** the generic copay.

**Step Therapy**

This program requires enrollees to try effective, less costly drugs before more expensive alternatives will be covered.

**Maintenance Drug Pharmacy Selection**

If you receive 30-day supplies of your maintenance drugs at a retail pharmacy, you must call ESI to tell them whether you wish to continue to use a retail pharmacy for a 30-day supply or change to 90-day supplies through either mail order or CVS pharmacies.

**Specialty Drug Pharmacies**

If you are prescribed injected or infused specialty drugs, you may need to use a specialty pharmacy which can provide you with 24-hour clinical support, education and side effect management. Medications are delivered to your home or doctor’s office.

**Prior Authorization**

You or your health care provider may be required to contact ESI for prior authorization before getting certain prescriptions filled. This restriction could be in place for safety reasons or because ESI needs to understand the reasons the drug is being prescribed instead of a less expensive, first-line formulary option.

**Quantity Limits**

To promote member safety and appropriate and cost-effective use of medications, there may be limits on the quantity of certain prescription drugs that you may receive at one time.
Metropolitan Life Insurance Company (MetLife) is the carrier for the GIC Retiree Dental Plan. The plan offers a fixed reimbursement of up to $1,250 per member per year for dental services:

- Dental examinations
- Dental cleanings
- Fillings
- Crowns
- Dentures
- Dental implants

As a member of this plan, you may go to the dentist of your choice. However, you will save money by visiting one of the over 370,000 nationwide network of participating dentists. When you visit a MetLife provider, your out-of-pocket expenses will be lower, as you usually pay the lower negotiated fee, even after you have exceeded your annual maximum.

This is an entirely voluntary (retiree-pay-all) plan that provides GIC members with coverage at discounted group insurance rates through convenient pension deductions.

**Eligibility**

Retirees and survivors from the following municipalities that have elected to offer the plan are eligible:

- City of Melrose
- Town of Ashland
- Town of Bedford
- Town of Brookline
- Town of Holbrook
- Town of Hopedale
- Town of Marblehead
- Town of Middleborough
- Town of Millis
- Town of North Andover
- Town of Randolph
- Town of Swampscott
- Town of Weston
- Town of Westwood
- Town of Winchendon
- Athol Roylston School District
- Northeast Metropolitan Regional Vocational School District

If your municipality is not listed, you are not eligible for GIC Retiree Dental benefits. Contact your municipal benefits office for additional information.

**Enrollment**

Eligible retirees and survivors may join during annual enrollment, or within 60 days of a qualifying status change, such as when COBRA dental coverage ends, when you become a survivor of a GIC member, or at retirement. However, if you have ever dropped coverage, you can never re-enroll in the plan.
