REPORT OF THE EXECUTIVE DIRECTOR

MSRB Manager of Information Systems Kimberly Griffin updated the Board on the ongoing MARIS implementation and related activities.

The August pension payroll warrant closed with 335 new retiree, dependent and survivor payees being added. This is the 20\textsuperscript{th} consecutive warrant. The weekly disbursement (refund / rollover) warrants were executed successfully.

On August 6\textsuperscript{th} the MSRB welcomed Jeffrey Lin as its new MARIS System Administrator. Ms. Griffin added that MSRB and the Production Support team have been actively engaged in getting Jeffrey enabled on MARIS support processes and activities so he may support the business operation. In addition, MSRB in conjunction with Treasury HR has posted for MARIS Business Analyst and Software Engineer positions and have been actively interviewing candidates.

System improvements were implemented to support the annual Student Verification process which generated 235 student verification letters. Dependents 18 years of age and older must return the letter verifying full-time student status to continue receiving benefits.

MSRB successfully generated the third (and final) reminder letters to support the biennial benefit verification (“BVF”) process. The letters will go out this month with a late September return date. Benefits will be suspended for members who do not comply with the benefit verification request.

MSRB completed the first mailing of §91A non-compliance letters for those required to file earnings statements for 2017; a second mailing is scheduled for the end of August and a third and final mailing the end of September. Following the third mailing, benefits will be suspended for members who do not meet filing requirements.

The MSRB and Production Support teams successfully delivered MARIS Support Release 35.
As previously mentioned, MSRB and Gartner are developing a MARIS Services Statement of Work (SOW) that defines ongoing support services and related development. The intent is to utilize the SOW for further negotiations with Sagitec on potential modifications to Sagitec’s current support services contract. Since the last Board meeting, MSRB and Gartner completed the PIR analysis and reconciliation delivering a comprehensive set of requirements that defines the SOW scope. MSRB and Gartner with Treasury Legal finalized the SOW documents and submitted to Sagitec for response. MSRB and Gartner conducted discussions with Sagitec to walkthrough the SOW and address Sagitec’s feedback. Sagitec is preparing a response to the SOW. Sagitec’s response will facilitate negotiations to finalize the SOW by end of September.

Negotiations were completed and a new IV&V and support services contract for up to a twelve-month period was agreed upon with Gartner. The agreement contemplates ongoing discussions around the 120-day mark to refine the scope of services beyond December 31, 2018 to consider the impact of the MARIS Services Statement of Work.

John Malone of Gartner updated the Board on two issues related to their oversight observations. First, it was unclear from the ongoing discussions related to the SOW that Sagitec’s response would be finalized by the end of August as originally planned. Mr. Malone indicated that Sagitec was working in earnest to reply.

Second, MSRB and Gartner had maintained their request for additional Business Analysts to be provided. While discussions around options and availability (on site vs. off-site) were ongoing with Sagitec no commitments have been finalized. Additional resources are being sought to help address some of the ongoing work streams and complete them so other BA’s can begin focusing on end of year tasks such as actuarial data reporting.

Treasurer Goldberg and Ms. McGoldrick indicated they hoped staff would convey to Sagitec the Board’s desire to resolve this issue quickly and asked that the Board be kept updated on this item.

2. **YTD Fiscal 2018 Operating & Capital Budgets**

   Mr. Favorito referred the Board to the YTD Fiscal 2018 Operating and Capital Budgets vs. actuals (through July 31, 2018) which had been handed out as part of the Agenda materials. Projections by the Finance Unit indicate actual spending related to budgets will come in under the budgeted amounts.

3. **Benefit Verification Update**

   Mr. Favorito informed the Board that the response date for third BVF mailing had passed and 3,227 members had not returned their forms. The third mailing has been
issued with a September 28th return date. Thereafter, any members not having responded will be subject to having their benefits interrupted in October 2018.

4. **State Budget / Legislative Update**

Mr. Favorito updated the Board on recent legislative developments.

Chapter 148 augmented the cancer presumption within c.32 by including reproductive and breast cancer occurrences for qualifying individuals.

House 4821 would have increased to 1,200 the annual number of hours retirees could work in the public sector. Governor Baker vetoed the measure and returned it to the Legislature with amendments. After returning the bill to the Governor as originally proposed, the end of the legislative session prevented any further action.

On August 9, 2018 Chapter 218 added a limited service purchase for qualifying members who served in the United States Public Health Service Commissioned Corps or the National Oceanic and Atmospheric Administration Commissioned Officer Corps. This will become effective in ninety days.

5. **PRIM Update**

The Board reviewed the monthly investment performance information provided by PRIM through the month of July 2018. PRIM returned 9.5% net of fees in fiscal 2018 bringing its total asset value to $72.9 billion for the fiscal year ending July 31.

6. **Legal Update**

Mr. Favorito noted the memo compiled by the Legal Unit contained summaries of any DALA and CRAB decisions which had been issued since the last Board meeting.

7. **MSRB Section 91A Policy**

Mr. Favorito and the Board reviewed the draft Section 91A policy. It formalizes the practices utilized by Board staff in administering this annual process for disability retirees. The Board took the policy under advisement and will offer any comments at the September meeting.

8. **UMass Payroll Reporting / Retirement Contributions**

Mr. Favorito and Ms. Welch summarized recent discussions with UMass staff that administers the University System’s payroll for the campuses, medical school and President’s Office. UMass has brought to the MSRB’s attention some questions related
to proper pension withholding for certain supplemental pay items. A further update will be provided to the Board.

9. **Staff Activity /Communication**

Mr. Favorito reviewed various communications received by the Board from MSERS members regarding recent experiences with MSRB staff.

10. **PERAC Audit (7/1/2013 – 6/30/17)**

Mr. Favorito informed the Board that PERAC audit staff had finalized plans to commence its audit of MSRB operations and are expected to be on site starting the week of September 17, 2018.

11. **PERAC Executive Director Search**

Mr. Favorito updated the Board that PERAC had officially posted for the position of Executive Director.

12. **Board Member Education**

Mr. Favorito reminded the Board of upcoming educational opportunities for Board members and staff. These included PERAC’s Emerging Issues Forum (September 13, 2018 at Holy Cross); NCPERS / Public Pension Funding Forum (September 16-18, 2018 in Cambridge).

**THE BOARD GOES INTO EXECUTIVE SESSION.** At approximately 11:07 A.M. the Board entered Executive Session to review applications for disability retirement, associated benefits, and to also consider the reputation, character, physical condition or mental health of individuals with business before the Board. The Board indicated that it would return to Open Session after the Executive Session.

*Mr. Gormley made a motion to enter Executive Session. Ms. Deal seconded the motion.*
