Hepatitis A is going around.
Hepatitis A is a virus that can cause liver disease.

Protect yourself:
Get your hepatitis A shot

Get a vaccine (one shot) if you:
- Are experiencing homelessness
- Use drugs/alcohol
- Have liver disease like hepatitis C
- Are a man who has sex with men
- Were recently in jail or prison

Hepatitis A shots will be available:

Massachusetts Department of Public Health
617-983-6800 (24/7)
