Adjudicatory Case No. 2018-048

In the Matter of

ALEXANDER J. KIM, M.D.

CONSENT ORDER

Pursuant to G.L. c. 30A, § 10, Alexander J. Kim, M.D. (Respondent) and the Board of Registration in Medicine (Board) (hereinafter referred to jointly as the "Parties") agree that the Board may issue this Consent Order to resolve the above-captioned adjudicatory proceeding. The Parties further agree that this Consent Order will have all the force and effect of a Final Decision within the meaning of 801 CMR 1.01(11)(d). The Respondent admits to the findings of fact specified below and agrees that the Board may make the conclusions of law and impose the sanction set forth below in resolution of investigative Docket No. 17-190.

Findings of Fact

1. The Respondent was born in March of 1986. He graduated from New York Medical College in 2012 and is certified by the American Board of Anesthesiology. The Respondent has been licensed to practice medicine in Massachusetts under certificate number 265718 since 2016.

2. On May 17, 2017, the Respondent worked a moonlighting shift in the Anesthesiology Department at Brigham and Women’s Hospital. During the course of his shift, which ended at around 8:30 p.m., the Respondent obtained a 100 mcg syringe of Fentanyl from
one of the hospital’s medication cabinets. The Respondent administered a portion of the
Fentanyl to a patient he was treating and saved the remainder of the medication, which he was
required to waste, for his own personal use.

3. At approximately 9:30 p.m. on May 17, 2017, the Respondent self-administered
Fentanyl on hospital premises.

4. On May 18, 2017, the Respondent met with his supervisors and admitted to
diverting and self-administering Fentanyl and other narcotics that he obtained during his
moonlighting shifts in the Anesthesiology Department at Brigham and Women’s Hospital.

5. On May 18, 2017, the Respondent voluntarily commenced a leave of absence
from his Pain Medicine Fellowship at Brigham and Women’s Hospital.

6. On May 29, 2017, the Respondent entered an in-patient treatment program for
substance abuse issues, which he successfully completed on July 12, 2017.

7. On June 23, 2017, the Respondent entered into a Voluntary Agreement not to
Practice Medicine (VANP) which was ratified by the Board on June 29, 2017.

8. On July 13, 2017, the Respondent entered into a contract with Physician Health
Services (PHS), which requires strict substance use testing requirements, monitoring, and
support groups.

9. The Respondent has been compliant with his PHS contract.

Conclusion of Law

A. The Respondent has violated 243 CMR 1.03(5)(a)18 by engaging in misconduct
in the practice of medicine.

B. The Respondent has engaged in conduct which undermines the public’s
confidence in the integrity of the medical profession. See Raymond v. Board of Registration in
Sanction and Order

The Respondent’s license is hereby indefinitely suspended. The Respondent may be allowed to petition to stay the indefinite suspension upon documentation of his consistent compliance for eighteen (18) months with his PHS Substance Abuse Monitoring contract. Any stay of the suspension would be at the Board’s discretion and contingent upon the Respondent entering into a 5-year Probation Agreement. The terms of the Probation Agreement shall include the following: 1) compliance with the Respondent’s PHS substance abuse monitoring contract; 2) practice pursuant to a Board-approved practice plan with workplace monitoring; and 3) any other conditions that the Board may deem appropriate.
