Agency Mission

Mass Cultural Council is a state agency that promotes excellence, education, diversity, and inclusion in the arts, humanities, and sciences to foster a rich cultural life for all Massachusetts residents and contribute to the vitality of our communities and economy.

We pursue this mission through a wide range of grants, initiatives, and advocacy for artists, communities, organizations, and schools. We work with partners in government, the cultural community, and across sectors, to increase public and private investment in the arts, humanities, and sciences.

The evidence is clear: A thriving creative sector is one of our Commonwealth's most powerful economic development assets. Cultural districts help local arts, humanities, and science organizations improve the quality and range of their public programs so that more local families can benefit from them. They enhance the experience for visitors and thus attract more tourist dollars and tax revenue. And they attract artists, cultural organizations, and entrepreneurs of all kinds - enhancing property values and making

Description of Program / Initiative

The Cultural Compact is an agreement between the Mass Cultural Council, Local Cultural Councils, Cultural Districts, and municipalities that leverages the power of culture as a transformative force for all people in Massachusetts. The compact articulates a common vision, defines shared values, and creates a framework for creative partnerships between local governments and cultural leaders in our communities. It brings cultural agents to the table, giving culture a voice where and when it matters – as crucial decisions are made that affect the cultural life of cities and towns. Most importantly, the Cultural Compact is a commitment to the idea that culture is an essential resource for the health and economic well-being of our region. To invest in our cultural life is to invest in our shared future. At the core of the Cultural Compact is a set of principles that serves as a foundation for a productive relationship between municipal governments, Local Cultural Councils, Cultural Districts, and Mass Cultural Council. These include shared leadership, open communication, transparency, accountability, and active engagement. Signatories select lead participants who commit to a robust meeting schedule, attend statewide conferences, and advocate for cultural funding at the state and local level. For its part, the Mass Cultural Council invests in the community, supports the Local Cultural Councils, and provides resources and technical assistance to the partnership, individuals, and cultural organizations. Other commitments can be arranged based on the specific needs of a city or town.

At Mass Cultural Council, we recognize that much of our cultural life happens on the ground in the day-to-day experiences of people across the Commonwealth. Working with local governments is crucial for building public support for culture; it creates alliances, fosters partnerships, and encourages entrepreneurship and economic opportunity. It's also an important way to identify and support what makes us culturally unique – and valuable – as a region. The Cultural Compact is a central part of an ongoing effort to elevate the quality of life and well-being of all communities in

Cultural Investment Portfolio

Program Citation (Legislation) - if applicable

Legislation Website Link - if applicable

Bill Item Number - if applicable

Program / Initiative Website Link - if one exists

http://www.massculturalcouncil.org/programs/cultural_investment_portfolio.asp

Description of Program / Initiative

The Cultural Investment Portfolio (CIP) provides unrestricted general operating support grants and project support grants to nonprofit organizations that provide public programs in the arts, sciences, and humanities in Massachusetts.

CIP recognizes that organizations with an established record of programmatic service and administrative stability should have access to funds to support their organizational goals and objectives, and to maintain their ongoing programs, services, and facilities without special emphasis on new initiatives as justification for funding.

State investment in nonprofit arts, humanities, and science organizations yields returns in economic impact and increasing public access, according to the information gathered from the Massachusetts Cultural Data Project. In Fiscal Year 2016 Mass Cultural Council invested \$4.5 million in close to 400 nonprofit arts, humanities, and science organizations through the Cultural Investment Portfolio. In turn these organizations:

- Pumped more than \$1.2 billion into the state's economy through direct spending.
- Employed 32,889 independent contractors, and full-time and part-time workers.
- Paid more than \$36 million in payroll taxes.
- Delivered public programs that drew more than 20 million people. Nearly half of these individuals attended for free!
 - Served nearly 3.7 million children with arts, history, and science education programs through school partnerships and afterschool programs.
 - Generated more than \$138 million in individual contributions from residents of Massachusetts and beyond.
