Massachusetts Department of Correction

**Mission Statement**

The Massachusetts Department of Correction's mission is to promote public safety by managing offenders while providing care and appropriate Programs in preparation for successful reentry into the community.

Manage - Care - Program - Prepare

**Vision Statement**

The Massachusetts Department of Correction's vision is to effect positive behavioral change in order to eliminate violence, victimization and recidivism.
Program Division

Services and Programs

Religious Services
The Department provides a variety of religious services, which are supervised and coordinated by chaplain staff. Volunteer clergy and community churches assist chaplains in the provision of services. Chaplains provide regular religious services, religious education and pastoral care. In addition, chaplaincy services include Bible Study, Prayer Groups, Christian Fellowship, Christian Twelve Step, Parenting Groups, Family Religious Services, Religious Seminars and Holiday Observances. The Department recognizes that Chaplaincy Services are important in changing criminal behavior by helping the inmate develop prosocial values. These services are available at all facilities.

Recreation Services
The Department offers a wide variety of staff supervised recreational and leisure time activities designed to reduce inmate idleness and teach pro-social skills to use their time constructively. These services are available at all facilities.

Volunteer Services
There are currently approximately 1,500 volunteers providing a variety of services that supplement established departmental programs. Volunteer services include faith-based, substance abuse, self help, support groups, literacy, cognitive skills and cultural awareness. Volunteer services enhance Programs and the process of reintegration by disrupting the delinquency network and providing inmates with a network of pro-social community members and activities. These services are available at all facilities.

Community Partnerships
The Department has established partnerships with community based organizations and other state agencies with the goal of enhancing public safety and providing inmates with support and critical linkages to community based organizations.

Community Partnerships and External Stakeholder Collaborations
- Representatives of the Program Services Division and Classification Division serve on the Hampden County Reentry task force. The task force includes multiple criminal justice and social service stakeholders and is designed to identify barriers and resources associated with offenders reentering the greater Hampden County area.
- The department is collaborating with the Hampden County Sheriff’s Office to facilitate the Hampden County Reentry program. This program targets high risk state offenders towards the end of their sentence. The objective of the program is to step down offenders to the community and reconnect them with their family/support systems, potential employers and community based providers.
- A Memorandum of Understanding between the Department of Correction and the Social Security Administration was developed to establish a process for offenders to secure a replacement social security card prior to release.
- MassHealth and the Department of Correction continue to partner to ensure releasing offenders are provided with medical coverage upon release. This partnership creates a continuum of care that allows for a smoother transition to the community and enables discharge planners to schedule medical and mental health appointments prior to an inmate’s release.
- The Department of Correction has established a partnership with the Boston Police Department and other local criminal justice agencies in an effort to promote offender reentry while enhancing public safety. The Department of Correction regularly shares intelligence and
other relevant information regarding offenders releasing from state prison to the greater Boston area. This partnership is intended to create a transparent transition from prison that better prepares the community and criminal justice agencies to respond to the both the needs and potential risk presented by the releasing offender.

- The Department of Correction is collaborating with Probation in an attempt to expand information exchange to enhance offender accountability and access to community based resources.
- The Department has partnered with Veterans Affairs (VA) to provide services to discharging veterans. The VA assists with determining veteran’s benefits and eligibility in the areas of housing, employment, education, medical/mental health and substance abuse services. Staff from Reentry Services meets with VA on a quarterly basis to exchange information and enhance services.

**Self-Improvement Groups**
Inmate Self Improvement Groups are structured inmate coordinated groups designed to reduce inmate idleness and enhance reentry by providing offenders with a forum to develop interpersonal communication, problem solving and basic life skills. The following are approved Self Improvement Groups:

- African American Coalition Program
- African Heritage Coalition Program
- Chess Club
- Elderly Affairs
- Fellowship Discussion Group
- Imagination Art
- Latino-Hispanic Heritage Group
- Long Termers Group
- Pawn Pushers
- Second Degree Lifers Group
- Spanish United
- Stitch For Life
- UGP HIV/AIDS Awareness
- United for Gay, Bisexual and Transgender Progress
- Young Men’s Committee/Reaching Beyond the Bars
- Youthful Offender Coalition

**Vendor Facilitated Core Programs ~ Spectrum Health Systems, Inc.**

**Male Offender Program Continuum**

**Core Skills**
The department offers a vendor facilitated program to inmates housed in the Behavioral Management Unit with Programs once a week for two hours. The program runs for approximately 4 months and utilizes a Core Skills curriculum.

**Correctional Recovery Academy (CRA)**
The CRA is an intensive skill-based residential substance abuse treatment program located at four institutions. The CRA targets substance abuse and relapse prevention. The program utilizes rolling admissions and combines the elements of a therapeutic community’s social learning approach with an advanced cognitive behavioral curriculum.

**Correctional Recovery Academy Graduate Support Program**
Graduates of the CRA may apply to participate in the peer support program. Peer participants are responsible for co-leading groups under the supervision of the CRA counselor. Graduates are also required to attend the community meetings and the weekly continuing care plan group.
Criminal Thinking Program (CT)
This program is a vendor facilitated program designed to focus on altering the pro-criminal thinking patterns that have been identified as separating those who are serious repeat offenders from those who are not. The program focuses specifically on criminal sentiments and how to develop pro-social alternatives for them. The program assists the offender in developing pro-social alternatives to past activities and associates.

Gateway to Treatment
Gateway to Treatment is a non-residential substance abuse treatment program designed to educate and raise awareness of the consequences of continued substance use. Emphasis is placed on biological, psychological, and social consequences of continuing to use substances.

General Population Maintenance Program
A Maintenance Program for offenders who have completed the Violence Reduction and/or Criminal Thinking program. The program is intended to provide an opportunity for inmates who have completed either of these programs to remain engaged in treatment to practice and internalize learned skills. The program meets once per week for two hours per session.

Graduate Maintenance Program – Substance Abuse
This program is offered to graduates of the residential substance abuse programs who have returned to general population. During Graduate Maintenance, the program concepts are reviewed, program skills are practiced, and there is individual work on a recovery plan.

Graduate Maintenance Peer Facilitator Program – Substance Abuse
The Graduate Maintenance Peer Facilitator Program offers offenders the opportunity to remain engaged in their treatment and recovery by becoming a role model and mentor for participants of the Graduate Maintenance Program. After successfully meeting eligibility requirements and completing a 12-week training course facilitated by Spectrum staff, the participant will have the opportunity to co-facilitate all curriculums for GMP with a staff facilitator.

High Risk Offender Program-DDU
The DDU/High Risk Offender program is provided at MCI Cedar Junction and is directed at inmates that have been placed in the Departmental Disciplinary Unit (DDU) as a result of having displayed a history of staff or inmate assaults, gang activity, and chronic disruptive behavior and/or have been identified as a threat to the correctional system in general. A goal of this program is to provide inmates with the skills to prepare them for their return to general population and participation in more intensive programs. The program consists primarily of independent workbook assignments and small group activities using a cognitive behavioral treatment model.

High Risk Offender Program Expansion-SBCC
The High Risk Offender program includes a continuum of care at Souza-Baranowski Correctional Center (SBCC) for those offenders who have completed the program at MCI-Cedar Junction. The program includes a skills maintenance program for offenders classified from the DDU to SBCC in order to capitalize on the initial gains made with the HRO program and to reduce the incidences of aggressive behavior at SBCC. The program includes a skills review phase, skills maintenance phase and an aftercare phase.

Medication Assisted Treatment Reentry Initiative (MATRI)
The purpose of the Medication Assisted Treatment Re-Entry Initiative is to provide pre-release treatment and post-release referral for opioid-addicted and alcohol-addicted inmates at participating
sites in the Department of Correction (DOC). This program involves prison-based residential substance abuse treatment and collaboration with community based clinics to provide aftercare treatment. The goal is to facilitate transition into an outpatient substance abuse treatment program which employs a multi-faceted approach to treatment including the use of the medication Vivitrol/Naltrexone, counseling, and aftercare referral to community based providers. This program is available to offenders who have a documented opioid or alcohol addiction and have completed or are enrolled in a Substance Abuse Treatment program.

**Motivational Enhancement**
Motivational Enhancement is an eight week program that meets two times per week. This program introduces participants to basic program concepts while encouraging positive behavioral change.

**New Freedom Program**
The goal of the program is to build resilience and prevent the escalation of violence among high-risk individuals. The program includes an evidence-based intervention that allows time to focus on motivational enhancement and identify immediate or acute security concerns while building communication and interpersonal skills. The first three months of programming focuses on enhancing motivation to change, exploring individual attributes, understanding consequences, introducing a personal value system, and the concept of personal choice. Groups are held once per week. Three months to release, the concept of group interaction is expanded. Larger weekly groups focus on demonstrating personal behavioral controls and rational thinking to act more responsible. Individuals learn and practice pro-social skills, how to "out think" violent behaviors and work on developing a crisis plan and continuing care plan. During the last month of incarceration, individual sessions are increased to once per week. Individuals are then referred to community programming for up to seven months post release.

**Pathway to Recovery**
Pathway to Recovery is a non-residential substance abuse program that is 16 weeks in duration and meets three times per week for a total treatment dosage of 72 hours. Groups are psycho-educational in nature and consist of didactic lectures, group discussions, and skills practice. Upon completion of the program, participants are recommended to the SA Graduate Maintenance Program. This program is intended to allow participants to remain engaged in their recovery and SA treatment for the duration of their sentence.

**Project Peer Connection (PPC)**
Project Peer Connection is a statewide reentry mentoring project providing one-to-one peer support to higher risk individuals who complete substance abuse treatment while incarcerated to help them lead drug-free, crime-free lives. The peer mentoring program is available to offenders releasing anywhere in Massachusetts. The goals of the program include providing experienced guidance in planning for reentry, overcoming obstacles to successful community living and providing a bridge from pre-release reentry services to community based resources.

**Reentry and Employment Readiness Workshop**
The 5-day Reentry and Employment Readiness Workshop meets for 2.5 hours per day and is offered to inmates who have a defined release date. During the Reentry and Employment Readiness Workshop, reentry planners facilitate curriculum designed to assist inmates in the development of the necessary skills that are needed for a successful transition back into the community. The focus of the workshop is employment readiness to include resume building, cover letter, job application, mock interviews and how to maintain employment. The workshop also includes victim impact, social support, housing plans, financial awareness and budgeting, educational referrals, criminal impact, and attainable goal setting.
Substance Abuse Education
This is a vendor facilitated program that meets for two hours per day, two times per week, for eight weeks. This program is designed to educate and raise awareness of the consequences of continued substance use. The focus of the groups is to educate the inmate about substances and issues related to their use. Emphasis is placed on biological, psychological, and social consequences of continuing to use substances while incarcerated.

Violence Reduction (VR)
The Violence Reduction Program targets cognitions that contribute to violent behavior. The goals of the program are to decrease violent behavior and the likelihood of institutional disturbances. During the program inmates identify the specific cognitions which have led to their violent behavior. Once identified, they are taught pro-social strategies and skills to diminish the likelihood of continued violence. The program is facilitated by staff two to three times per week.

Female Offender Program Continuum
Gender responsive and trauma-informed approaches have been incorporated into the framework of treatment services for female offenders. Specific tracks of treatment have been designed to address each offender’s specific pathway into the criminal justice system with the goal of reducing the likelihood of recidivism by addressing the unique issues associated with female offenders such as trauma, abuse, relationship dysfunction, substance abuse and mental illness. The programs listed below are also available for female offenders.

Life in Recovery
The treatment focus involves basic substance abuse treatment, such as relapse prevention and general substance abuse education. Offenders in this group have access to parenting programming, education and job development to build self-efficacy and reentry planning. This program is available at MCI Framingham and South Middlesex Correctional Center (SMCC).

Building Positive Connections
The focus of this pathway is addressing past trauma or abuse, relationship dysfunction, as well as substance. This pathway explores how past abuse or trauma can influence current behaviors such as substance abuse or engagement in unhealthy relationships. This program is available at MCI Framingham and South Middlesex Correctional Center (SMCC).

Healthy Living
Focuses on disrupting criminal behavior and substance abuse as social norms. Using community as method, women confront many aspects of criminal behavior as social norms to develop pro-social attitudes. This is done through cognitive behavioral groups and community activities. This program is available at MCI Framingham and South Middlesex Correctional Center (SMCC).

Healing for the Future
Focuses on disrupting criminal behavior and substance abuse as social norms, while addresses past abuse and trauma. This pathway also works to address significant mental health issues, either present or past. This program is available at MCI Framingham and South Middlesex Correctional Center (SMCC).

Female Offender Motivational Enhancement
This program introduces participants to basic program concepts while encouraging positive behavioral change. The program is designed to motivate offenders to participate in more intensive programs to
address their broader criminogenic need areas. This program is available at MCI-Framingham and South Middlesex Correctional Center.

**First Step Program**
The First Step Program is a vendor facilitated program that offers voluntary substance abuse treatment services to women who are awaiting trial or have been sentenced (90 days or less). Program participants have been identified as needing immediate detoxification and further treatment. The treatment component consists of a 20-day schedule of classes on substance abuse education, overdose and relapse prevention, and interpersonal skill acquisition. The program also offers an individualized aftercare/discharge planning component to support program participants with identifying community-based treatment to access upon release. This program is available at MCI-Framingham.

**Methadone Maintenance Program**
This program is available to pregnant females who are opioid addicted. The goal of the Methadone Maintenance Program is to maintain a safe, effective and functional system in the overall treatment of drug addiction, through methadone administration to, and monitoring of pregnant women. The program serves as a component of the comprehensive medical care provided to pregnant females who are addicted to opiates. Only pregnant inmates addicted to opiates are provided methadone at MCI Framingham.

**Family Preservation**
Family Preservation is designed to promote appropriate mother/child bonding, relationship building and communication. This program offers a wide range of services to include parenting education classes, parenting support, children’s visit preparation, coordination and referral to available services, professional collaboration with state agencies, and special activity planning. This program also functions as a liaison between offenders and Department of Children and Families (DCF) for incarcerated mothers whose children are in the custody of DCF. This program is available at MCI Framingham and South Middlesex Correctional Center (SMCC).

A Family Reunification House is located on the grounds at South Middlesex Correctional Center is used for overnight and weekend visits. Graduates of the parenting education classes are eligible to be screened to participate in the Family Reunification House program. This program allows mothers nearing release to have progressively less supervised visits with their children.

**Vendor Facilitated Programs ~ Counseling and Psychotherapy Center, Inc.**

**Sex Offender Treatment Program**
The Department of Correction offers a comprehensive Sex Offender Treatment Program (SOTP). The purpose of the SOTP is to reduce the participant’s risk to reoffend, to increase the participant’s ability to have a successful reintegration into the community, and to increase the participant’s overall well-being. The SOTP incorporates concepts of the Relapse Prevention Model, the Risk-Need-Responsivity Model, the Good Lives Model, and the Self-Regulation Model. There are two satellite sites, namely NCCI-Gardner and Old Colony Correctional Center, where an introduction program is offered, as well as a less intensive programming for lower risk offenders and specialized programming for female offenders (MCI-Framingham) and those who have committed sexual crimes involving possession and distribution of child sexual exploitation material. The vast majority of the program is facilitated at the Massachusetts Treatment Center, a facility designated exclusively for the purpose of sex offender treatment.
**MassCor Correctional Industries**

The mission of Correctional Industries is to instill a positive work ethic in offenders by providing training and skills for a successful reentry into the community through work opportunities, while ensuring the highest level of customer service by providing a quality product at a competitive price. Through work assignments offenders develop occupational skills and discipline that enhances successful reintegration. With acquired on the job training and work ethics gained through Correctional Industries, released offenders have a greater chance of being gainfully employed and succeeding after their release. Current certification programs and upcoming certifications are made available to all eligible incarcerated individuals. Correctional Industries employs over 450 offenders at eight institutions. The workforce has the opportunity to work with state of the art equipment to stay current in the outside employment field. The goal is to employ the maximum number of offenders consistent with effective use of program capital. MassCor has created numerous programs and certifications in order to give offenders opportunities to gain marketable skills and a better chance of securing employment in our communities thus reducing the possibility of recidivism.

**Education Division**

The mission of the Education Division is to prepare offenders for successful reentry into the community by providing comprehensive academic and vocational programs based upon individual risk and need; moreover, to further reinforce social and career skills that are needed for offenders to transition into productive members of society.

Research tells us that educational and vocational achievements reduce recidivism:
- The Three State Recidivism Study, (Correctional Education Association/Office of Correctional Education, US Department of Education 2001) determined that for participants in prison education programs, recidivism was reduced by 12% in Maryland, 28% in Minnesota and 19% in Ohio.
- Our own recidivism study published in 2006 concluded that receiving a GED in prison reduced recidivism by 17%.
- The Washington State Institute of Public Policy completed an exhaustive meta-analysis of a wide variety of correctional program studies done across the country, and in 2006, published its *Evidence-Based Adult Corrections Programs: What Works and What Does Not*. It found that adult basic education programs in prison reduced recidivism by 5.1% and for vocational programs, a remarkable 12.6%.
- The MA Department of Labor reports that less than 25% of jobs available in Massachusetts are available to a person without a high school diploma or equivalency credential.

Research reveals that nearly one half of inmates coming into correctional custody do not have a high school diploma or equivalency credential. Most do not have a work history. Research also tells us that if an inmate is to have the chance to return home successfully and not re-offend, a job and the means to support him/her and family are critical. We must reduce the likelihood that inmates will commit another crime, thus increasing public safety by providing education and training that will assist inmates in obtaining employment.
Emphasis is placed upon competency achievement, development of basic literacy skills and the acquisition of salable skills along with an appreciation of a formidable work ethic. To complete these tasks, Education’s Supervisory Staff coordinate classes taught by full-time teachers and vocational instructors, and part-time College Career Coordinators. The Division’s responsibilities include teaching academic and vocational programs, providing educational counseling services, assessing each inmate at reception by administering the Test of Adult Basic Education (TABE) and administering the High School Equivalency Test, (HiSET) previously, the GED test.

I. Assessments
As each new inmate comes into custody educational background information is obtained and they are required to take the Test of Adult Basic Education (TABE). The TABE test provides a grade level in math, reading and language. Speakers of other languages are given the TABE CLAS E. Education staff at each institution will receive this information when an inmate is transferred there and they will discuss educational alternatives and will place the inmate in appropriate classes or on waiting lists.

II. Grants
The Education Division receives several grants from the Massachusetts Department of Elementary and Secondary Education and from the U.S. Department of Justice that support staff and program supplies at several institutions, which are critical in providing necessary education and vocational services.

III. Educational Programs

**Academic Programs-Adult Basic Education Continuum**

**Adult Basic Education**
Adult Basic Education (ABE) is designed to serve those students who are struggling with basic reading, writing, and math skills. These individuals are functioning below the sixth grade level. ABE provides students with the academic skills that are necessary for entrance into adult secondary courses. ABE focuses on reading, language, and mathematics with student progress being measured by the Tests of Adult Basic Education (TABE) (GLE 0.0→5.9).

**Pre-Adult Secondary Education**
The Pre-Adult Secondary Education (Pre-ASE) class is designed to prepare intermediate level students for the ASE Program where students prepare to take the HiSET (High School Equivalency Test) exam. The class’ focus is on reading comprehension, writing skills, math, social studies, and science. These individuals typically function between sixth and ninth grade levels according to TABE scores (GLE 6.0→8.9).

**Adult Secondary Education**
The Adult Secondary Education (ASE) program is specifically designed to prepare students to successfully take the HiSET (High School Equivalency Test) exam. The class focuses on reading, writing, math, social studies, and science – the five main components of the HiSET exam. These individuals typically function above the ninth grade level according to TABE scores (GLE 9.0→12.9).

**Limited English Proficient Continuum**

**English as a Second Language 1-Beginner**
English as a Second Language (ESL) is a language development program designed for the adult learner with limited English proficiency. The primary emphasis of the program is to provide students with the
fundamentals of speaking, reading, writing, and listening skills in English so they may be mainstreamed into academic classes and/or participate in vocational programs. The three-level program is taught exclusively in English and is available to those students whose native language is not English.

**English as a Second Language 2-Intermediate**
This program works to develop and refine skills needed in conversation beyond survival needs. The focus is on reading comprehension of short pieces, vocabulary development, and oral answers to reading questions. Writing skills focus on paragraph organization and essay construction and formal English grammar. Informational articles as well as short stories are introduced. Practice is given in letter writing, both informal and formal business letters, complaints and requests.

**English as a Second Language 3-Advanced**
In this program, focus is on more complex English grammar, sentence structure, and punctuation, including self-editing skills. Practice is given in writing and editing two to three paragraph essays. Reading comprehension and academic vocabulary is stressed and applied to word problems in mathematics as well as geography and history selections and informational historical and literary documents. Emphasis is placed on preparing the student to advance from ESL classes to regular academic classes and vocational programs.

**Advanced Academic Programs**

**Boston University Program**
Students who meet the eligibility requirements by passing an entrance exam and interview have an opportunity to achieve a Bachelor's Degree in Liberal Studies from BU’s Metropolitan College. Funded in full by Boston University, this program operates at MCI Norfolk and MCI Framingham.

**Mount Wachusett Community College**
Students who meet the eligibility requirements by passing an entrance exam and interview have an opportunity to achieve a Business Administration Certificate from Mount Wachusett Community College. This program operates at MCI-Shirley and NCCI-Gardner.

**Tufts University**
Students who meet the eligibility requirements by passing an entrance exam and interview have an opportunity to earn their Associate of Arts degree. Tufts partnered with Bunker Hill Community College in order to provide this degree program.

**Emerson College**
Students who meet the eligibility requirements by passing an entrance exam and interview have an opportunity to take credit-bearing courses with the potential of earning their Bachelor of Arts degree.

**Post-Secondary Education**
Taught by staff, academic teachers focus on critical thinking, classes are offered in a variety of subjects including literature, advanced mathematics, college study skills, and financial literacy. These programs are offered to students who have a high school or equivalency diploma.

**Inside-Out Program**
Offered at MCI-Framingham, Souza-Baranowski Correctional Center, MCI-Concord, and Old Colony Correctional Center, this program is offered to students who have a high school or equivalency diploma. Taught by an outside college instructor, this criminal justice class combines college students from the outside with inmates, collectively covering current events and topics within the Criminal
Justice field. Universities that are currently offering these courses include Tufts, Bridgewater State, and Framingham State.

**Supplemental Academic Programs**

**Education: Specialized Housing Units**
For those inmates housed outside of general population due to mental health, discipline, or protective custody status, a variety of academic, technology, and vocational programs is supplied where possible.

**Technology Education Programs**

**Introduction to Microsoft Office**
The Introduction to Microsoft Office program is designed to provide students with basic technology skills and enhance their digital literacy. This program consists of four components: Introduction to Computers, Microsoft Office 2010 and Windows 7, Microsoft Word 2010, and Microsoft Outlook 2010. A high school diploma or high school equivalency is required for admittance, along with a 7th grade reading level on the TABE. Furthermore, students who meet these requirements will be invited to an interview and a skills assessment in order to gauge current digital literacy skills.

**Advanced Microsoft Office**
The Advanced Microsoft Office program is being added as an opportunity to advance beyond Introduction to Microsoft Office. Advanced Microsoft Office consists of four components: Microsoft Word 2010, Microsoft PowerPoint 2010, Microsoft Excel 2010, and Microsoft Access 2010. A passing, final grade in Introduction to Microsoft Office is required for admittance into Advanced Microsoft Office. In addition, students must partake in an interview and skills assessment in order to be considered. It is the intent of the program to have prepared students sit for the Microsoft Office Specialist exam in the application of their choice (Word, Excel, PowerPoint, or Access) in order to earn a valued certificate in the workforce.

**CISCO IT Essentials**
This program teaches inmates the operation and repair of computers, laptops, and printers with up-to-date technology, resulting in Cisco certification. This course offers a broad-based introduction to the field of Information Technology (IT) including its evolution, current trends and future directions. Students will be introduced to the various aspects of IT along with an understanding of the technical support that is provided to employees and organizations. IT fundamentals, operating systems and hardware, end user support, and networking will be covered. This program is offered at MCI-Concord.

**Vocational Education Programs**

**Auto Body Repair**
In this program, the students study design and engineering of auto body construction, body repair, use of MIG welding, painting, estimate writing, insurance policy understanding, automotive mechanical systems, air bag and safety restraint systems, vehicle restoration, and automotive HVAC systems with emphasis on mobile air conditioning which will provide students with the opportunity to obtain a Mobile Air Conditioning Society (MACS) license.

**Automotive**
Fundamentals of auto mechanics are taught by providing book work in addition to hands-on training achieved by working on state vehicles. Students work toward Automotive Service Excellence (ASE) certification and become proficient in shop safety, electric systems, scan systems, tune, tune-ups, tires
and wheels, restraint systems, brake systems, and air conditioning systems. Students are able to earn their OSHA 10 General Industries Training and Mobile Air Condition Society (MACS) license Worldwide, Section 609 Certification.

**Barber Training**
The Barber Training Program is a professionally licensed, 1000-hour, state credentialed program that includes a 12-18 month commitment from potential students. Students become proficient in professional ethics, hygiene, shaving and facial hair design, history of barbering, the use of tools and equipment, safe work practices, men's haircutting and styling, barbershop management, and job search. This program encompasses all the practical applications of barbering, training and education required to become a licensed professional barber in the state of Massachusetts. This program is offered at SBCC, MCI-Concord, MCI-Shirley, and MCI-Norfolk.

**Building Trades**
In this program, safety, rough and finished carpentry, sheetrock work, and wood working are covered. Hands-on experience is provided by either completing institutional projects or mock-ups, and students become NCCER Certification eligible and receive OSHA 10 General Industries Training. This program is offered at MCI-Concord and the Mass Treatment Center.

**Cosmetology**
In a class of 12 students, training is given in all aspects of hairstyling, skin care and nail beautification. Combining written and hands on work, 1000-hours are achieved, preparing students to take to take the Massachusetts State License Examination in Cosmetology. This program is offered at MCI-Framingham.

**Culinary Arts: Foundations I**
Culinary Arts is structured to provide both theory and hands-on experience in the areas of applied foodservice sanitation and hygiene and in professional cooking. The course of study generally runs for nine months with the first three months focusing on obtaining the knowledge and skills required to successfully pass the National Restaurant Association’s Education Foundation’s ServSafe certifying exam covering sanitation and hygiene. The next six months focuses on Foundations Level 1 Restaurant Management and Culinary Arts. This program is offered at SBCC, MCI-Shirley, NECC-Concord, MCI-Concord, NCCI-Gardner, MCI-Norfolk, MCI-Framingham, and Old Colony Correctional Center, and the Massachusetts Treatment Center.

**OSHA**
This two day, ten-hour training safety course includes electric and fire safety, slip and fall prevention, chemical safety, and more. This course satisfies the OSHA 10 training requirement for workers of general industries. Students are required to provide the $8 exam fee. No GED or high school diploma is required and is open to low risk/low need inmates.

**ServSafe**
This program is designed to provide students with the education necessary to earn a nationally recognized ServSafe Certification. This certification is useful for obtaining employment in the food service industry. Students who complete the course then take the National ServSafe Exam, and upon completion of the ServSafe program and certification, students are eligible to apply for a position in the Culinary Arts Program. Students are responsible for payment of the ServSafe exam.

**Small Engine Repair**
This class provides the students training in the outdoor power equipment field. Students learn troubleshooting and repair in all engine systems. Students learn entry level skills to better themselves
for employment. Upon completion, students take the Equipment and Engine Training Counsel (EETC) exam to become certified. Students are required to take the 4 stroke exam, and the 2 stroke exam is optional. This program will be offered at NECC.

**Welding**

This eight-week, 180-240 hour training program teaches basic job skills, safety protocols, and a variety of welding techniques used to weld different metals including steel, stainless steel, and aluminum. Upon successful completion of this program, students receive credentials from the National Center for Construction Education and Research, (NCCER) a nationally recognized authorizing agency. This program is being offered at NCCI-Gardner and MCI-Norfolk.
Volunteer and Chaplain Facilitated Program Descriptions

**AA Reentry Fellowship Program:** This program is considered among the most effective treatment approaches for addiction. A growing volume of research shows that programs that engage individuals like AA are most effective for changing addictive behavior. *This program is available at Boston Pre Release Center, Northeastern Correctional Center and North Central Correctional Center Medium and Minimum, and MCI Shirley Medium.*

**AAWOL:** This program is an in-depth study of the 12 steps that Alcoholics Anonymous and Narcotics Anonymous utilize. This is a cognitive behavioral self-awareness program with an emphasis on a higher power. *This program is available at Boston Pre Release Center and MCI Framingham.*

**A Book from Mom:** This program is designed to enhance literacy in children. A children’s library is available for women to select age appropriate books to read during visits with their children. After the visit, children are allowed to leave the visiting room with a book from Mom. The child is allowed to receive a new book during each visit to create his/her own personal library at home. Books are also made available for women to mail home to children during the holidays and on birthdays. *This program is available at MCI Framingham.*

**Able Minds:** Facilitated book discussion group designed to shift criminal thinking and teach inmates interpersonal problem solving skills. Inmates expected to read 4-5 works of literature, participate in group discussions and book analysis, and write personal reflections utilizing the “Think First” method of consequential thinking. *This program is available at MCI Cedar Junction, MCI Concord, MCI Framingham, MCI Norfolk, and Old Colony Correctional Center Medium and Minimum.*

**Advanced Writing for Results:** This is a job-readiness program that advances the DOC’s goals of reducing recidivism. This class provides the building blocks of successful resumes, cover letters and proposals. *This program is available at Souza Baranowski Correctional Center.*

**Alcoholics Anonymous:** A volunteer facilitated working support program where inmates learn about triggers to their behavior, understand past behavior and learn how to build a new, healthier sober lifestyle. *This program is available at most facilities.*

**Alternatives to Violence (AVP):** A volunteer facilitated program that teaches inmates how to reduce violence by introducing alternative ways of resolving conflict resulting in a diminished need to resort to violence. The Optical shop is a full scale eyewear laboratory providing services to many providers throughout Massachusetts. The offenders currently working at this site grind, polish, and assemble eyeglasses for a number of customers. The industrial instructor’s at NCCI-Gardner are facilitating the process of testing offenders working in the Optical Shop to gain a certification from the American Board of Optometry, a nationally recognized organization. The test is designed to reveal the competency in the optical field and their overall knowledge. The individual taking this exam will be provided a certification from the American Board of Opticianry (ABO). This in turn, will allow the offender to show qualifications and a work history to potential employers.

MASSACHUSETTS ALCOHOL AND SUBSTANCE ABUSE CENTER AT PLYMOUTH

The Massachusetts Alcohol and Substance Abuse Center at Plymouth is a truly unique Department of Correction facility. The facility not only houses individuals who are civilly committed under MGL 123, Section 35, but also minimum security inmates as well.

For those men who are civilly committed, MASSACHUSETTS ALCOHOL AND SUBSTANCE ABUSE CENTER provides a detoxification and substance abuse program which consists of three phases:
1. Medically supervised detoxification
2. Mandatory counseling and Programs
3. Individual discharge planning

Commitments participate in a comprehensive, multi-phase progression of classes in relapse prevention. In addition, case management services, twelve step Programs, and assistance in after care planning are offered to provide each commitment with an individual discharge plan for community based treatment and support. For those men who are sentenced, MASSACHUSETTS ALCOHOL AND SUBSTANCE ABUSE CENTER offers a variety of work, education, religious, and substance abuse Programs.
