

# MassHealth Buy-In

for people who are eligible for Medicare

## What is MassHealth Buy-In?

MassHealth Buy-In is a program authorized by Congress for persons who are eligible for Medicare. MassHealth Buy-In allows MassHealth to pay all of the Medicare Part B premium for Massachusetts residents who are not getting other MassHealth benefits. It can also help get Medicare Part B for persons who only have Medicare Part A.

## How much can I have in income and assets?

For MassHealth Buy-In, your income and assets (including bank accounts, stocks, bonds, or a second car) must be under certain limits. The chart (at the top right of this page) shows how much you can have and what you will get if your income and assets are within these limits.

## If I am eligible for MassHealth Buy-In, how do I get paid?

If MassHealth Buy-In finds that you are eligible for payment of all of your Medicare Part B premium, we will tell Medicare.

If your Medicare Part B premium is deducted from your social security check, your check will be adjusted so that your Medicare premium is no longer deducted. This means that the amount of your social security check will increase based on the amount that had been deducted to pay for your Medicare Part B premium.

If you are eligible for, but not yet getting Medicare Part B, or if you are paying your Medicare Part B premium in some other way, like getting a quarterly bill from Medicare, MassHealth Buy-In will start paying this bill for you.

It will take several months to adjust your social security benefit or to pay your bill. However, you will get a refund for the amount you paid for your Medicare Part B premium back to the month you became eligible for MassHealth Buy-In. You will get this refund in the same way as you now get your social security: either through a check or direct deposit to your bank account.

## When does coverage begin?

If you are eligible for MassHealth Buy-In, your coverage begins in the month we get your application. In some cases, it may begin as early as three months before your application month.

You will get a written notice that tells you about your coverage and when it starts. If you are not eligible, the notice will give you the reason(s) you are not eligible. If you think the decision is wrong, you have the right to appeal it. Information about how to appeal is on the back of the written notice.

## How we use your social security number (SSN)

We use your SSN to check information you have given us. SSN files may be matched with the files of agencies like: the Internal Revenue Service, Social Security Administration, Centers for Medicare and Medicaid Services, Registry of Motor Vehicles, Department of Revenue, Department of Transitional Assistance, Department of Industrial Accidents, Division of Unemployment Assistance, Department of Veterans' Services, Human Resource Division, Bureau of Special Investigations, and the Department of Public Health's Bureau of Vital Statistics. Files may also be matched with social service agencies in this state and other states, and computer files of banks and other financial institutions, insurance companies, employers, and managed care organizations.

## Estate recovery

MassHealth has the right to get back money from the estates of certain MassHealth members after they die. In general, the money that must be repaid would include Medicare premiums paid by MassHealth for a member after the member turned age 55, and at any age while the member was permanently in a long-term-care facility. Effective with Medicare premiums paid on or after January 1, 2010, MassHealth will not recover premium payments made for members who were aged 55 or older at the time the premiums were paid.

There are also some additional protections and exceptions to this estate recovery rule. If a deceased member leaves behind a spouse, or a child who is blind, permanently and totally disabled, or younger than 21, MassHealth will not require repayment while any of these persons are still living. If real property, like a home, must be sold to get money to repay MassHealth, MassHealth, in limited circumstances, may decide that the estate does not need to repay MassHealth. Also, certain income, resources, and property of American Indians and Alaska Natives may be exempt from recovery.

*For more information about estate recovery, see the MassHealth regulations at 130 CMR 515.000, and Chapter 118E of the Massachusetts General Laws.*
