

PUBLIC NOTICE OF DESIGNER SELECTION

Designer Selection Board

One Ashburton Place, Room 1019A, 10th Floor | Boston, MA | 02108

Telephone: 617-727-4046 | www.mass.gov/dsb

DSB List#: 19-25

Notice Date: August 21, 2019

Submission Date: September 11, 2019 At 2:00 PM

Project Number: DPH2019ARCH

Project Title: Study and Design for General Architectural Renovations, Repairs and Upgrades

Project Location: Statewide

Awarding Agency: Department of Public Health (DPH)

Available Aggregate Amount: \$1,500,000

Estimated Construction Cost: Varies per Project, Not to Exceed authority delegated pursuant to M.G.L. c. 7C §5, for an individual project.

Contract Term: Up to Six (6) Years

Maximum Fee Per Contract, excluding reimbursables, based on the scope of work and services authorized, shall not exceed: \$500,000

Prime Firm Requested:

- ☒ Architect
- ☐ Landscape Architect
- ☐ Engineer
- ☐ Interior Designer
- ☐ Programmer
- ☐ Construction Manager
- ☐ Other:

Contract Type:

This contract will be a "House Doctor" contract. Multiple projects of the type described in the Project Overview and Scope of Work may be assigned, and fee increments approved, up to the maximum fee per contract. Selection by the DSB under this advertisement does not guarantee that a contract will be executed with any given firm. The Awarding Agency will enter into House Doctor contract(s) with selected firm(s) at its sole discretion, based on the Awarding Agency's needs. The Awarding Agency may award up to **three (3)** contracts, each with a total value of **\$500,000** to qualified designers under this contract.

Immediate Services Authorized:

- ☒ Certifiable Building Study
- ☒ Schematic Plans and Outline Specifications
- ☒ Design Development Plans and Specifications
- ☒ Construction Plans and Specifications
- ☒ Administration of Construction Contract
- ☐ Other:

AGENCY INFORMATION

The Department of Public Health (DPH), an agency within the Executive Office of Health and Human (EOHHS), promotes the health and well-being of all residents by ensuring access to high-quality public health and healthcare services, and by focusing on prevention, wellness, and health equity in all people. DPH regulates, licenses and provides oversight of a wide range of healthcare-related professions and services. Additionally, the Department focuses on preventing disease for all people and promoting wellness and health equity for all people. Through a combined focus on delivery of health care services to special populations, education, and research, we serve as a catalyst for change in the health care system by developing and modeling new treatment programs and responding to emerging health needs.

PROJECT OVERVIEW

DPH is seeking to procure House Doctor services for building system upgrades, interior and exterior renovations, architectural upgrades, roofing projects, accessibility projects and utilities, roadways and parking upgrades. The “House Doctors” will be required to provide technical advice, creative problem solving, building code reviews, construction administration and project oversight.

DPH has a system of four (4) multi-specialty hospitals which together with the State Office for Pharmacy Services (SOPS), maintain, protect, and improve the health and well-being of citizens of the Commonwealth. The following are the four (4) multi-specialty hospitals that provide acute and chronic hospital medical care to individuals for whom community facilities are not available or access to health care is restricted, include:

- **Lemuel Shattuck Hospital**

The Lemuel Shattuck Hospital is a fully accredited teaching facility that provides acute, subacute, and ambulatory care to patients referred by public agencies and private sector providers. The Hospital's services help economically and socially disadvantaged patients to get high quality, cost-effective care from a staff that respects their dignity.

- **Pappas Rehabilitation for Children**

The Pappas Rehabilitation Hospital for Children (PRHC) provides medical, rehabilitative, educational, recreational, habilitative, transitional, and complementary alternative medical services to children and young adults (ages 7 – 22+) with multiple disabilities. PRHC assists them to achieve their optimal level of independence in all aspects of life.

- **Tewksbury Hospital**

Tewksbury Hospital operates a 370 bed hospital accredited by the Joint Commission. The hospital provides comprehensive treatment, care, and comfort to adults with medical and/or mental illnesses. The Main Hospital is 700,000 square feet for 12 patient care units with an average daily census during FY 2017 of 361. There are 41 buildings totaling 1.1 million square feet located on a 700 acre parcel that hosts a thriving campus of community programs with multiple state agencies and vendor programs.

- **Western Massachusetts Hospital**

The Western Massachusetts Hospital is the only public hospital operating in western Massachusetts with a mission to serve as a medical safety net for many uninsured and under-insured citizens residing in the region. Western Massachusetts Hospital provides both acute and chronic hospital care to patients with a variety of chronic diseases and complicated medical conditions such as: cardiac and pulmonary disease, chronic neurological disorders, complications from strokes, dementia with major behavioral issues, and end stage-terminal illnesses of various types.

The State Office of Pharmacy Services (SOPS) manages the pharmacy needs of 6 state agencies and the County Houses of Correction. The Office for Pharmacy Services provides the Commonwealth of Massachusetts an integrated system benefiting several separate and distinct agencies. By standardizing policies and procedures, medication distribution systems and personnel systems, we have been able to raise the quality of pharmacy services and realize significant economic benefits.

SCOPE OF WORK

The scope of work may include but is not limited to:

1. Investigating the nature and severity of the problem.
2. Documenting existing conditions.
3. Recommending detailed repairs and magnitude of cost for such repairs.
4. Proposing alternate methods of repairs for resolution of the problem, including energy efficient alternatives.
5. Developing the preferred solution to schematic design and/ or design development.
6. Preparing construction specifications and documents, cost estimates, and providing construction administration for the solution.

Consideration in the analysis should include energy costs, sustainability principles, expected remaining useful life of building systems and related life cycle costs. Particular attention should be paid to the constructability, reliability, durability and maintainability of building systems and materials.

If the selected designer is appointed for final design, the General Scope of Work will be defined by the certifiable building study and the current version of the DCAMM Designer Procedures Manual.

SUPPORTING DOCUMENTS

The scope of work for this project is supported by the materials listed below, which are available for review and download on the Designer Selection Board website.

N/A

PROJECT REQUIREMENTS

Project requirements, general conditions and/or requirements of this public notice include, but are not limited to:

[Affirmative Marketing](#)

MBE/WBE Participation

In accordance with M.G.L. C.7C, §6 and Executive Orders 526, 559 and 565, **DPH** has established a minimum combined MBE/WBE participation goal of 17.9% of the overall value of the study and final design contracts for this project. Applicants must utilize a mix of both MBE and WBE firms whose participation, when added together, meets the overall combined goal set for the Contract. The combined goal requires a reasonable representation of both MBE and WBE firm

participation. The Combined MBE/WBE goal must be met within the list of requested prime and sub-consultants. All applicants must indicate in the prime firm's application how they or their consultants will meet these goals and will be evaluated on that basis.

Further information about the MBE/WBE Program appears in the "Participation by Minority Owned Businesses and Woman Owned Businesses," in the Commonwealth of Massachusetts Contract for Study, Final Design, and Construction Administration Services (October 2017) at Attachment C, and on the Supplier Diversity Office website: <http://www.mass.gov/sdo>. Applications from MBE and WBE firms as prime consultant are encouraged. Applicants that are themselves MBE or WBE certified will be required to bring a reasonable amount of participation by a firm(s) that holds the certification which is not held by the applicant to the project.

Proposed MBE/WBE participation plans that include solely MBE or solely WBE participation, or have only nominal participation by one or the other to meet the combined goal, will not be considered responsive. Applicants are strongly encouraged to utilize multiple disciplines and firms to meet the MBE/WBE goal. Consultants to the prime can team within their disciplines in order to meet the MBE/WBE goal, but must state this relationship on the organizational chart (Section 6 of the application form).

Additional Diversity Program:

Veteran Owned Business Participation Benchmark - Chapter 108 of the Acts of 2012; Executive Order 565

The Commonwealth encourages the participation of Service-Disabled Veteran-Owned Business Enterprises ("SDVOBE") and Veteran-Owned Business Enterprises ("VBE") on its design projects. The benchmark for combined SDVOBE and VBE participation on DCAMM and other Executive Branch agencies design projects is 3% of the contract price as set forth in the standard DCAMM Study and Design Contracts referenced above.

Energy & Sustainability

Executive Order 484: Leading by Example – Clean Energy and Efficient Buildings

Projects undertaken under this contract shall comply with all applicable requirements of Executive Order 484 (EO 484): see <http://www.mass.gov/anf/docs/dcam/dlforms/energy/energy-eo484-final.pdf>.

All building studies shall include preliminary estimates of the project's energy use, water use, and greenhouse gas emissions using protocols established by EOEEA or as determined by DCAMM. No building study shall be certified for final design unless all means, methods, and commitments required to mitigate the project's impact on the operating agency's plan for meeting EO 484's goals are documented in the consensus solution, implementation plan and estimated construction cost.

LEED Certification

If applicable, projects designated under this contract shall be certified at a level of Silver or higher, including Mass LEED Plus requirements. All measures proposed to achieve a LEED rating shall be incorporated into Final Design as part of the Designer's base fee; administration of the certification process by the Designer during the Final Design and Construction phases of the project will be considered an extra service.

Universal Design/Accessibility

Universal Design

Design solutions provided under this contract are expected to meet the diverse and changing needs of users across age, ability, language, ethnicity and economic circumstance. DPH welcomes innovative design strategies that are usable by the widest range of people operating in the widest range of situations without special or separate design.

Accessibility

The consultant's design must comply, at a minimum, with 521 CMR, The Rules and Regulations of the Architectural Access Board (<http://www.mass.gov/ocabr/government/oca-agencies/dpl-lp/opsi/consumer-prot-and-bus-lic/license->

[type/aab/aab-rules-and-regulations.html](http://www.mass.gov/files/documents/2017/12/19/aab-rules-and-regulations.html)), as well as the 2010 ADA Standards for Accessible Design (<http://www.ada.gov/regs2010/2010ADASTandards/2010ADASTandards.htm>). When the requirements of these two laws differ the consultant shall comply with the one that provides the greater degree of accessibility. The consultant is also expected to understand and reflect in its design the civil rights obligations of the Commonwealth under Title II of the Americans with Disabilities Act (http://www.ada.gov/regs2010/titleII_2010/titleII_2010_regulations.htm) to provide equal access to programs, services, activities and comply with ADA scope requirements for alteration of primary function areas, as applicable. DPH will utilize an expert third party, such as DCAMM's Statewide Accessibility Initiative, to provide technical assistance and oversight for accessibility compliance during the study, design and construction process, including accessibility audits of existing buildings.

Policies & Procedures

Financial Statement

Chapter 7C, Section 51 requires that on public design contracts where the total design fee is expected to exceed \$30,000 and for the design of a project for which the estimated construction cost is expected to exceed \$300,000 the designer shall:

- a) File its latest CPA or PA audited financial statement with the Division of Capital Asset Management and Maintenance (DCAMM), and continue to do so annually throughout the term of the contract;
- b) Submit a statement from a CPA or PA that states that they have examined management's internal auditing controls and expresses their opinion regarding those controls to DPH.

DCAMM Procedures

The designer will follow the procedures established in DCAMM's Designer Procedures Manual dated August 2008 (<https://www.mass.gov/files/documents/2017/12/19/designers-procedures-manual-aug08.pdf>). Applicants are urged to review and become familiar with the following supplemental material, which is available on the web at: (<http://www.mass.gov/dcam>).

Environmental and other supplemental services

DPH reserves the right to obtain supplemental services through independent consultants who will collaborate with the Prime Firm and the Design Team. Asbestos inspection, design and monitoring, and indoor air quality testing and monitoring will be extra services under this contract.

Construction Specifications

The designer shall utilize the DCAMM Standard Specification.

Cost Estimating

Cost estimates, cost models, and estimator participation in both the study and the design phases shall meet the requirements of the current DCAMM Cost Estimating Manual and will be submitted in Uniformat II in the study phase and in both Uniformat II to Level 3 and CSI Masterformat in the design phase. The Cost Estimating Manual can be found at <https://www.mass.gov/files/documents/2017/12/19/cost-estimating-manual.pdf> and Uniformat II can be found at <http://fire.nist.gov/bfrlpubs/build99/PDF/b99080.pdf>.

CONTRACT REQUIREMENTS

Contract for House Doctor Services

Appointed applicants will sign a standard *Contract for House Doctor Services* (October 2017) ("House Doctor Contract"). Once a House Doctor Contract is executed with a selected applicant, DCAMM will solicit proposals from the House Doctor related to specific projects and issue Notices to Proceed for agreed upon scopes of work as set forth in the House Doctor Contract.

https://www.mass.gov/files/documents/2018/12/03/contract-for-house-doctor-services-rev-18-11-29_0.pdf

Exhibit A B of the House Doctor Contract sets forth specific terms and conditions for the scope of services.

The designer must prepare studies for all projects under this contract with ECC >\$300 K, and all building studies must be certified by the DCAMM Deputy Commissioner before final design can proceed.

No costs shall be incurred or work performed before all contract documents are properly executed and a project Notice to Proceed is issued in accordance with the terms of the contract.

CONDITIONS FOR APPLICATION

The applicant's current or updated Master File Brochure must be on file with the Board prior to the date of application. As a condition of application, each applicant, if selected for the new project, agrees to carry professional liability insurance in an amount equal to the lesser of \$5,000,000 or 10% of the Project's Fixed Limit Construction Cost, but in no event less than \$250,000 per claim in accordance with the Design Contract (i.e., minimum coverage of \$250,000 up to \$5,000,000 depending on the construction cost).

APPLICATION EVALUATION

Applications will be evaluated based on the DSB criteria for selection of semi-finalist and finalist appearing on the DSB website <https://www.mass.gov/files/documents/2018/12/19/criteria-for-selection-of-semi-finalists-and-finalists-160707.pdf>. The specific Personnel and Project Experience required is listed below.

PERSONNEL

1. Architect (Prime Firm)
 2. Mechanical Engineer (M/P/FP)
 3. Electrical Engineer
 4. Structural Engineer
 5. Civil Engineer
 6. Landscape Architect
 7. Specifications Consultant
 8. Cost Estimator
 9. MA Building Code Consultant
 10. Sustainability Design Consultant
 11. Healthcare Planner / Programmer
-
1. The title "architect" refers to design professionals that maintain a current registration with the Massachusetts Board of Registration of Architects; and
 2. The title "landscape architect" refers to design professionals, licensed or unlicensed, that exhibit through their application that they possess acceptable experience to provide design services in the field of landscape architecture as needed for the project; and
 3. The title "engineer" refers to design professionals that maintain a current registration in any one of the engineering categories governed by the Massachusetts Board of Registration of Professional Engineers and of Land Surveyors.

PROJECT EXPERIENCE

Applications will be evaluated based upon the requirements of M.G.L. Ch. 7C §49 and the work listed on DSB Application Form Sections 8, 9 AND 10 which illustrate current qualifications in the following areas:

1. Familiarity with Commonwealth of Massachusetts Public bidding requirements M.G.L. c. 149 and M.G.L. c. 30, 39M.
2. Demonstrated experience in the cost effective repair and renovation of existing Hospitals and/or healthcare facilities, including Psychiatric facilities; and historical buildings that are 100+ years old.
3. Demonstrated experience in the cost-effective repair and renovation of HVAC, electrical, plumbing, mechanical systems in occupied treatment/residential facilities.
4. Demonstrated experience in the cost-effective repair and renovation of classrooms, office spaces, public assembly venues and clinical areas.
5. Demonstrated experience with the renovation and repair to infrastructure including utilities, roadways, and parking areas; energy efficiency projects; and, experience with ADA, MAAB, and building access innovation and design, including alterations in existing facilities to resolve accessibility deficiencies.

APPLICANTS PLEASE NOTE

Please use the latest [DSB Application Form \(Updated July 2016\)](#) and follow the [General Instructions for Filing Applications](#).

Application Update: Please mail or hand deliver One Original, with the Sub-Consultant Acknowledgement forms and SDO Certification letters. In addition, please email an electronic copy of the application form (do not include the Sub-Consultant Acknowledgment forms and SDO Certification letters) to applications.dsb@massmail.state.ma.us.

Applications that are incomplete will be rejected. Applications that are submitted on a form other than **DSB Application Form (Updated July 2016)** may be rejected as non-compliant and not be considered by the Board. Applications received at the DSB Office after the advertised deadline will not be considered.
