The subcommittee tabled the matter of reciprocity with New Hampshire until April in order to collaborate with a committee being formed by the New Hampshire board. The subcommittee intends to meet next on May 3.
- c) **Interpretation Subcommittee** – No meeting held
- d) **Planning and Research Subcommittee** – J. He reported that the subcommittee had referred the issue of Reciprocity with NH back to the Education Subcommittee, which it was noted, will now go back to Planning and Research.

6) **Discussed Correspondence**

- a) Joseph Bednarik, Smart Green Solar requesting the Board facilitate a standardized permit and inspection process for solar installations.
- b) Joseph Bednarik, Smart Green Solar requesting an amendment to MGL 143 3L

Mr. Bagni noted that these requests were seeking a statutory change which was outside the Board's purview. He did note some of the requests had merit, but the Board could not act on them. Members noted in discussion that some of the problems involved concerns with the role of the Inspector of Wires in approving projects and whether they are being asked to approve things outside of their purview.

No formal action taken.

- 7) **Discuss** Reciprocity Agreement with the State of New Hampshire – It was noted that this was a placeholder. The chair noted that the next step of the review would be the planning and research committee seeing what other states are doing.

8) **Discussed other matters not reasonably anticipated 48 hours in advance of the meeting**

- B. Driscoll reported to the Board that there is a Somerville city ordinance that requires permit applicants sign an affidavit of wage payment compliance. He indicated that there was concern that Somerville can't require additional information with a permit. Counsel noted that the matter would need to be referred to the Board of Fire Prevention Regulations if no appeal was filed.

- The chair opened the meeting to public attendee Beverly Kennedy who inquired as to when the examination would be updated based on the new code, staff will review.

9) Board of Electricians’ Appeals [open hearings, closed deliberations per M.G.L c. 30A, §18]

10:52 A.M. The Chair opened the Board of Appeals and verified the timeliness and merits of the appeal.

- a) BEA-23-0000002 Smart Green Solar v John Cain, Inspector of Wires, Town Marlboro

The matter was taken out of order because both parties for the first matter were not present.

- The parties in this matter reported that they have resolved the matter and just wanted the Board’s opinion, counsel noted that the Board would generally not issue rulings in such case a case, therefore the parties withdrew the appeal.

- b) BEA-23-0000001 Martin Julien v Wisler Louifaite, Inspector of Wires, City of Boston

The Chair swore in the parties giving testimony, accepted the exhibits, and gave each party an opportunity to present their position. The Board did not engage in deliberation during the open session.
