KIMBERLEY DRISCOLL  
LIEUTENANT GOVERNOR

November 2, 2023

To the Honorable Senate and House of Representatives:

I am filing for your consideration a bill entitled, “An Act to Rename the Massachusetts Rehabilitation Commission, MassAbility, in order to Reflect the Self Determination and Limitless Possibilities of People with Disabilities.”

For many decades, people with disabilities have challenged mainstream culture to recognize disability not as the whole of who they are, but as one important aspect of their lives. This movement has inspired the Massachusetts Rehabilitation Commission (MRC) since its inception in 1956, shaping the values and programs of an agency committed to breaking down social barriers and expanding what is possible for people with disabilities across the Commonwealth.

Since 1956, MRC has provided vocational rehabilitation, job placement, independent living, and community-based services to empower and support people with disabilities to live life on their own terms, with equal rights, diversity, and accessibility as the priority. MRC currently serves approximately 20,000 individuals within the Commonwealth and is leading innovation through the NextGen program, a STEM focused rapid employment model for young adults with disabilities.

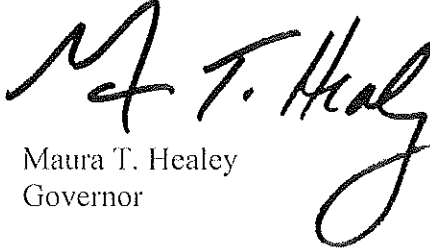

While expressing pride in MRC’s work and mission, members of the disability community have also long expressed concern with MRC’s name. The term “rehabilitation” has come to carry connotations that can feel stigmatizing or misleading. I believe that the name MassAbility is best suited not only to represent the values and mission of the agency, but to embody the self-determination, competence, and potential for success intrinsic to all people with disabilities.

This legislation changes the name of the Massachusetts Rehabilitation Commission to MassAbility and removes uses of the term “handicap,” “handicapped,” and “retarded,” replacing them with “barrier,” “person with a disability,” and “person with intellectual disabilities.” The legislation further repeals G.L. c. 6 § 78A, providing for the administration of an antiquated, and now non-existent, program for extended sheltered employment for people with disabilities.

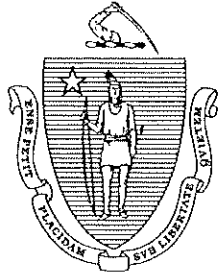

MassAbility is more than just a new name. It is an opportunity to demonstrate our commitment to tearing down systemic barriers for people with disabilities in the workforce and in our communities. Changing the words we use when we speak about disability is one more step toward building more inclusive and equitable communities that amplify the inherent worth and potential of all their members.

For all these reasons, I urge your favorable consideration of this legislation.

Respectfully submitted,

Maura T. Healey  
Governor
