

Toxics Use Reduction Act & Toxics Release Inventory

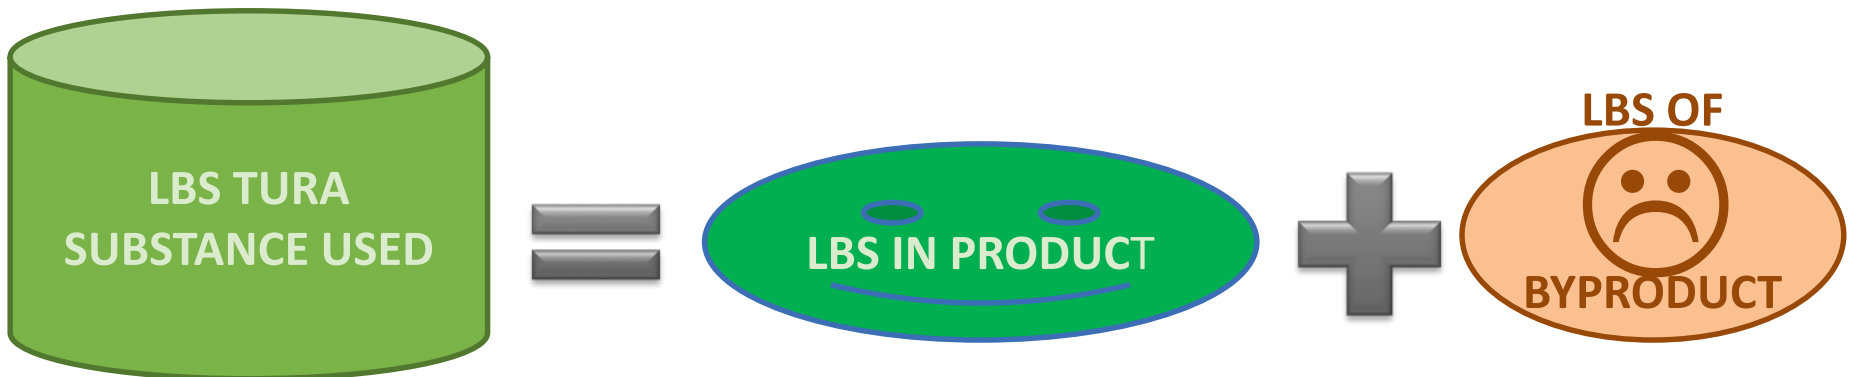

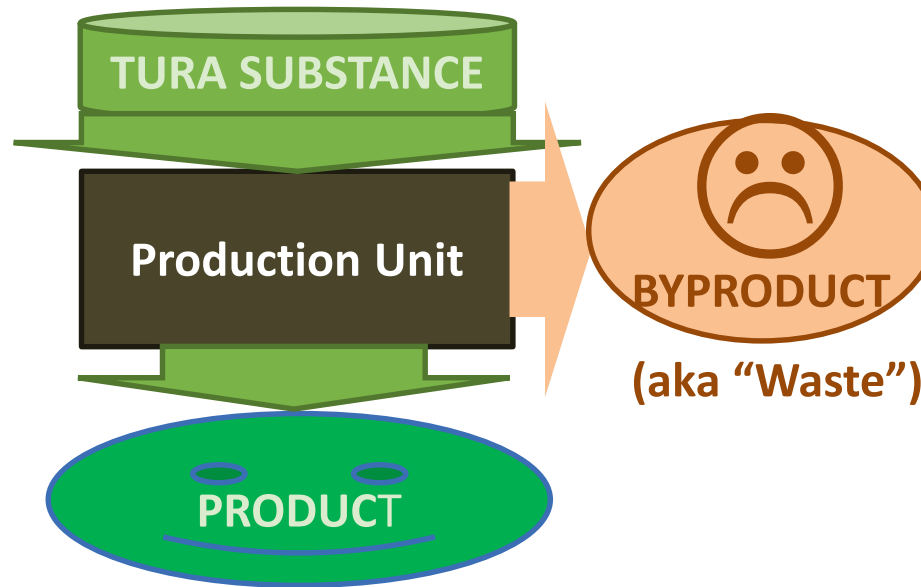

An Overview

Suzi Peck MassDEP TURA
Program

WHEREFORE TURA & TRI?

- **TURA:** Massachusetts program to minimize unnecessary use and waste of toxic chemicals in production processes
- **TRI:** Federal program to show the ultimate fate of toxic chemicals following use in production processes

Basic TURA Concept

To Reduce Toxics Use or Waste

- Reduce or eliminate the amount used to make the product

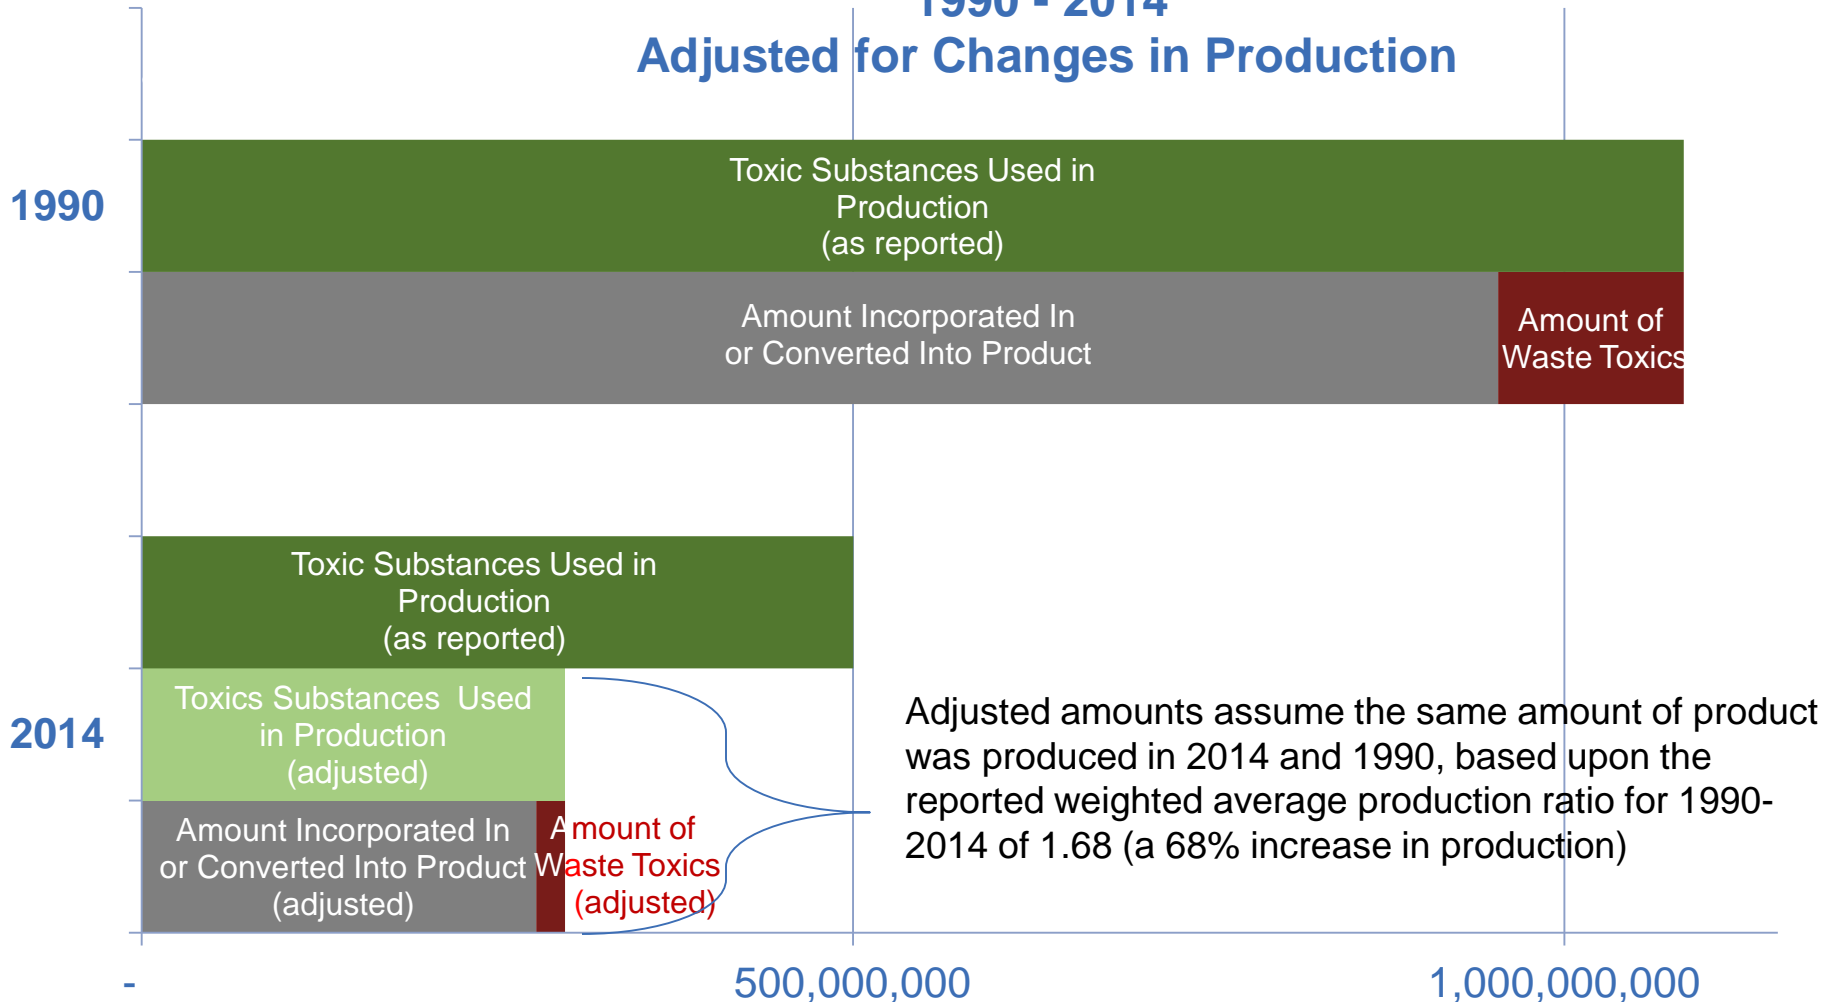

OR

- Reduce or eliminate the amount wasted while making the product

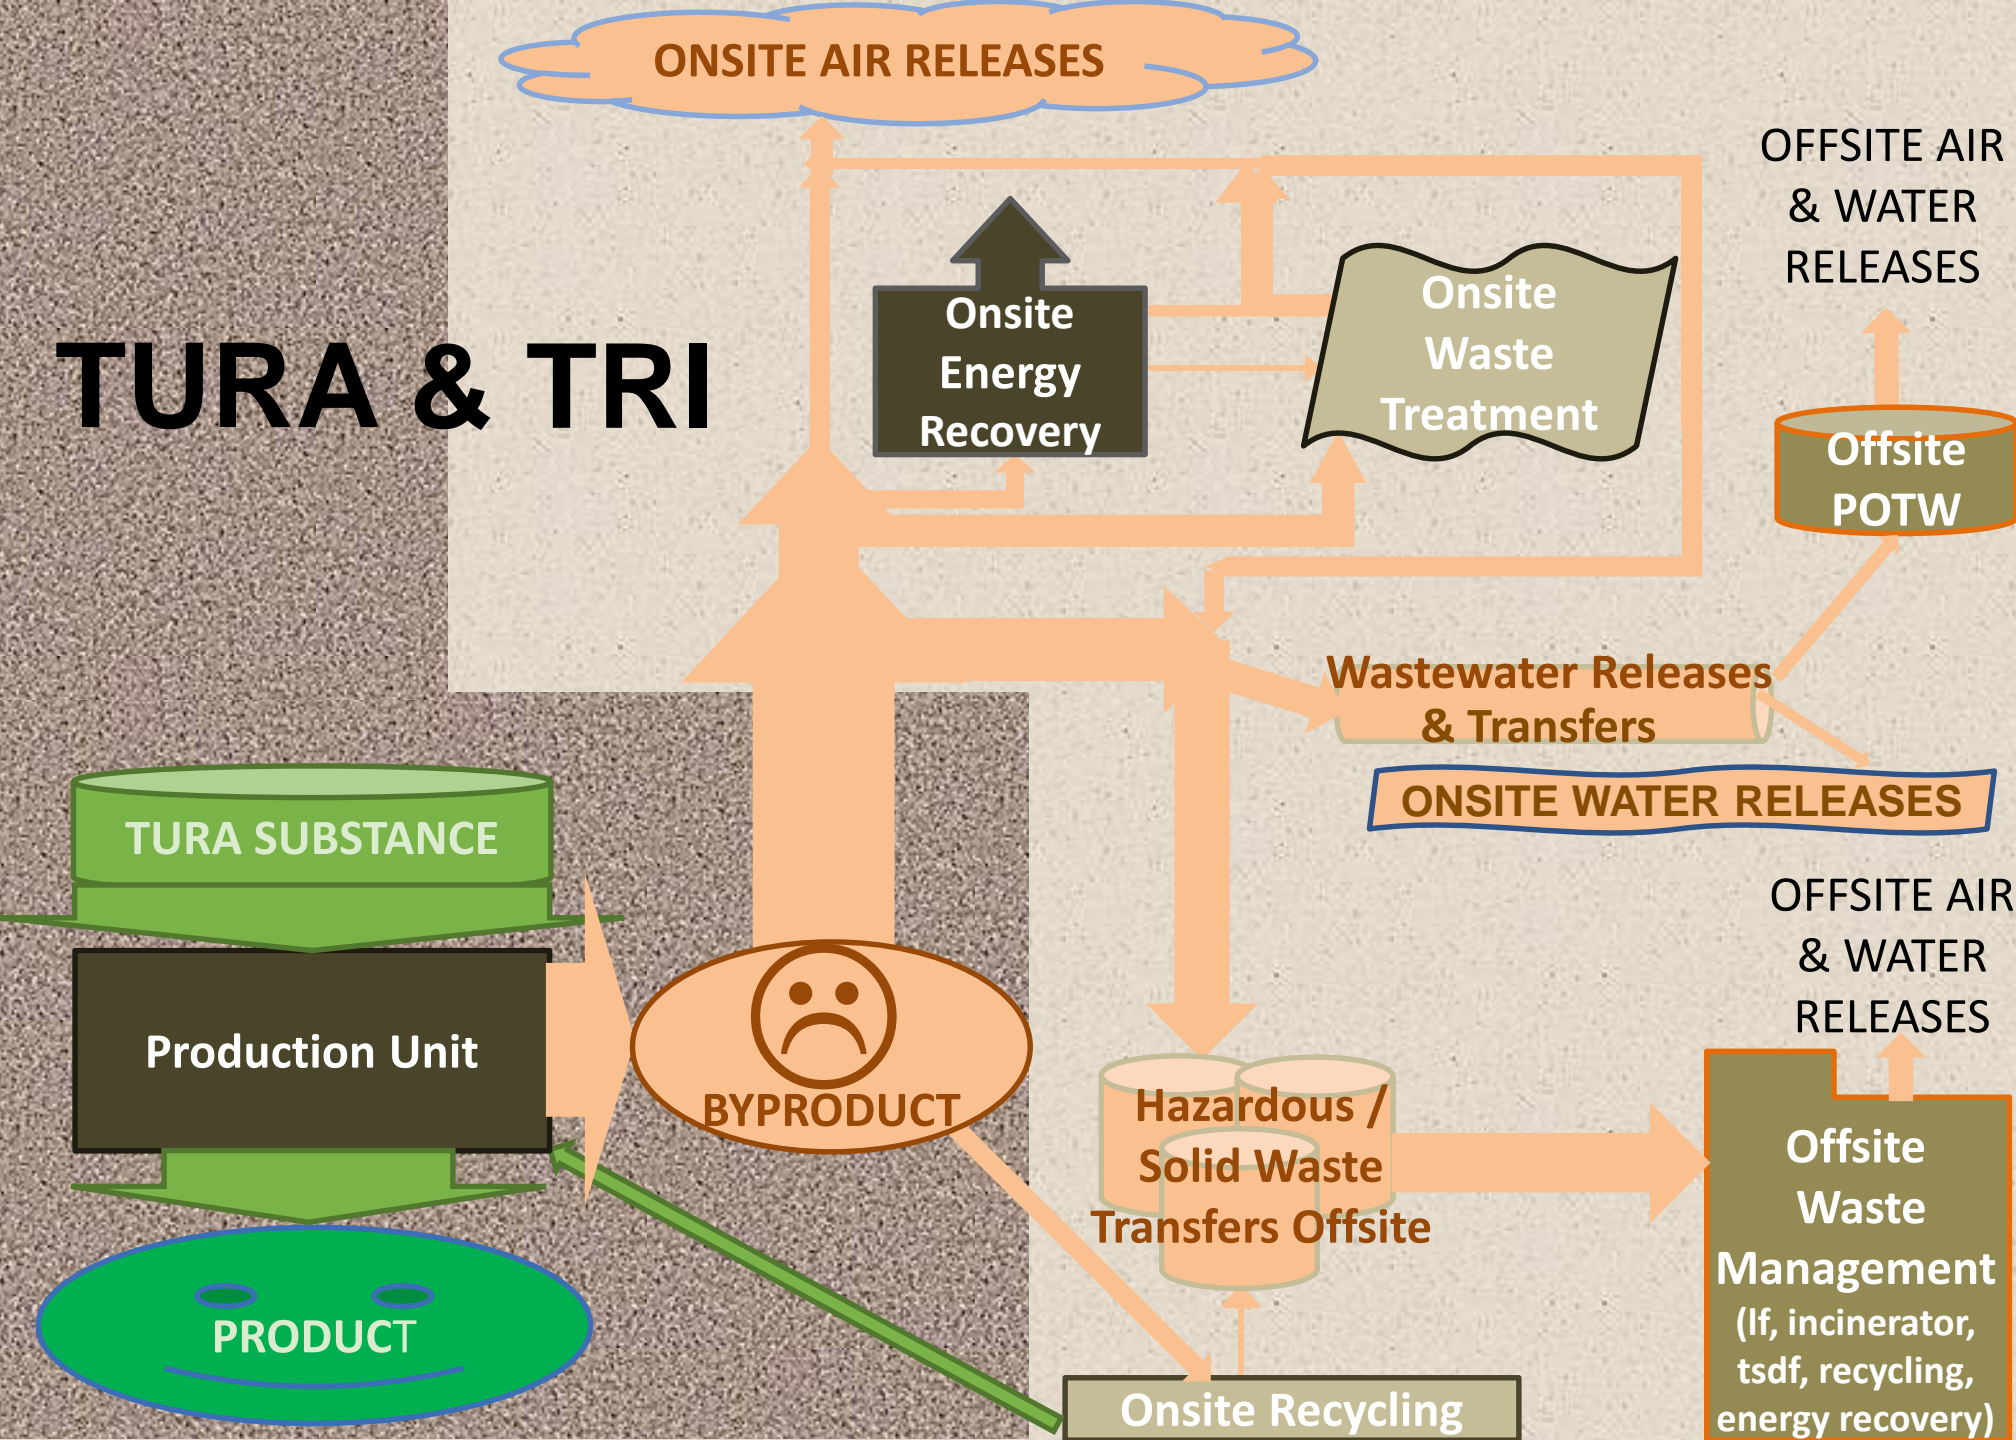

TURA Reporting and Planning raise awareness of how and why chemicals are used and wasted in production and ALL the associated costs

TURA HAS BEEN SUCCESSFUL

Change in Pounds of Toxic Substance Use and Waste (Byproduct)
1990 - 2014
Adjusted for Changes in Production

TURA & TRI

REPORTING REQUIREMENTS

- FORMS

- TURA -- FORM S, PLAN SUMMARY

- TRI -- FORM R

- “Federal”

- “State Only” for TURA only chemicals/sectors

- TURA FEE WORKSHEET

One S & R for each
“listed” chemical
used above the
reporting threshold

- REPORTING APPLICABILITY, RULES,
GUIDANCE

- TURA FOLLOWS TRI AS MUCH AS POSSIBLE

- EXCEPTIONS WILL BE NOTED
