GOVERNOR

KIMBERLEY DRISCOLL
LIEUTENANT GOVERNOR

January 22, 2024

To the Honorable Senate and House of Representatives,

I am filing for your consideration a bill entitled *An Act empowering municipalities and local governments* ("The Municipal Empowerment Act") – legislation designed to arm local governments with greater tools and supports to generate resources for vital local services and access the products and workers they need to best serve Massachusetts residents.

Our administration appreciates that the health of the Commonwealth's 351 cities and towns underpins the overall success of Massachusetts and its people. That is why this administration is committed to ensuring that every municipality, from Provincetown to Pittsfield, has the resources it needs to succeed.

Since taking office, our administration has been focused on ensuring our municipal partners have the support they need from the state. Our Fiscal Year 2025 budget proposal, which will be filed in the coming days, will once again recommend historic investments in municipal partnerships. From fully funding the Student Opportunity Act to boosting resources for unrestricted general government aid (UGGA), our Fiscal Year 2025 budget proposal will provide nearly \$8.7 billion for local aid, a \$269.4 million (or 3 percent) increase over the Fiscal Year 2024 General Appropriations Act.

But the administration also recognizes that boosting funding alone is not enough. Cities and towns across the Commonwealth can benefit from changes to state programs and rules that make it easier for the state and municipalities, together, to best serve our constituents. The administration, therefore, engaged in an extensive listening tour with municipal leaders this Fall to explore ideas on how the Commonwealth can best partner with our cities and towns. Over several months, the administration held seven regional listening sessions that engaged over 130 municipal managers and administrators from 112 different municipalities and solicited input from professional associations representing local leaders and employees – the *Municipal Empowerment Act* is a direct outgrowth of what we heard.

Based on feedback from the dedicated individuals who serve our communities every day, the *Municipal Empowerment Act* provides relief from numerous administrative burdens, including reforms to procurement rules that raise thresholds for competitive bids; contains local option

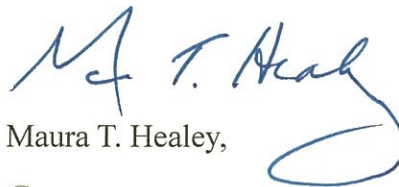

revenue raisers, including a new Motor Vehicle Excise surcharge local option that can benefit every city and town in the Commonwealth; improves the efficiency of local operations by, for example, updating borrowing rules for school projects and establishing enforcement mechanisms for double pole prohibitions; and provides new tools for addressing critical local workforce challenges, such as allowing for the creation of regional boards of assessors, centralizing valuation of telecom and utility property at the state level and creating additional flexibilities in post-retirement employment exemptions.

Additionally, this bill proposes to make permanent some of the COVID-19 era policies that have become popular and valuable additions to the fabric of civic and social lives in communities around the state, including hybrid public meetings and outdoor dining.

Outside of this legislation, the administration is also supporting critical work being pursued through other bodies to improve local staffing and finances, including endorsing policies recently approved by the *Special Legislative Commission to Study and Examine the Civil Service Law* that will support alternative paths for civil service police and fire departments to recruit personnel while benefitting the system. These reforms would allow up to 50 percent of officers to be hired outside of the traditional civil service process and enable communities to create public safety cadet programs without requiring their own special acts. Enactment of these reforms this year will help cities and towns recruit a more diverse cadre as the next generation of public safety officials.

City and town officials understand what programs and policies can meet the needs of the residents they serve, and the *Municipal Empowerment Act* reflects those unique local perspectives. The bill positions the state as a better partner to our cities and towns in building communities in which people want to live, work, visit, go to school, raise a family, start a business and age in place. I appreciate the Legislature's attention to enact this piece of legislation.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "M. T. Healey", with a large, stylized loop at the end.

Maura T. Healey,

Governor
