

# Massachusetts Division of Insurance Credit Insurance For the 2012 Calendar Year

Joseph G. Murphy Commissioner of Insurance

#### Acknowledgements

The following report was prepared by staff of the State Rating Bureau within the Massachusetts Division of Insurance ("Division"). Chet Lewandowski, State Rating Bureau Actuary, and Kevin Beagan, State Rating Bureau Director, provided the analysis and prepared the report. The report is primarily based on responses from insurance companies reflecting the experience of insurers offering credit insurance in Massachusetts. Unless otherwise noted in the report, references to credit insurance include credit life insurance, credit disability insurance and credit involuntary unemployment insurance.

The Division makes all appropriate efforts to check the completeness and consistency of data reported by insurance companies and their statistical agents, but relies on insurers to ensure the accuracy of all reported information.

# **Section 1: Overview of Credit Insurance**

Credit insurance is a line of insurance coverage that may be offered to debtors of a lending organization for lines of credit other than a residential first mortgage (also known as "first lien on a residential property"). Depending on the coverage purchased, credit insurance may pay all of a debt or the required minimum periodic payments. Under Massachusetts law, it is illegal for a lender to require a person to buy credit insurance as a condition of obtaining a loan. Potential insureds are required, by regulation, to receive certain disclosure materials prior to any such coverage becoming effective.

This report describes credit insurance offered by licensed or authorized insurers and does not address non-insurance banking products, such as debt cancellation or debt suspension products, which are considered to be bank services.

### **Types of Credit Insurance**

#### Credit Life Insurance

Credit life insurance is designed to pay off a specific debt in the event of the death of the insured. Unlike traditional life insurance, the beneficiary on the credit life insurance policy is the entity who offers the credit (the "creditor"), and not a friend or family member of the insured. Credit life insurance in Massachusetts is governed by the following standards set forth in M.G.L. c. 175, §117C:

- (1) the death benefit may not be for more than \$125,000;
- (2) the insurance may not be for more than a 15-year period;
- (3) the insurance may only be for the remaining outstanding balance of a debt; and
- (4) the coverage ends when the debt is discharged.

By statute, an insurance company's credit life losses in relation to its earned premium, called the loss ratio, must be equal to at least 50 percent. Pursuant to M.G.L. c. 175, §117C, an insurer is required to report its credit life insurance premium and loss experience annually. Companies whose loss experience is credible but did not meet the statutorily required loss ratio are required to file revised rates which meet the 50 percent standard.

#### Credit Disability Insurance

Credit disability insurance, also known as credit accident and sickness insurance, is designed to pay a monthly amount that is never less than the minimum monthly payment required under the debt agreement. Unlike traditional disability insurance, the beneficiary is the creditor and

<sup>&</sup>lt;sup>1</sup> As authorized under Chapter 303 of the Acts of 1988, credit insurance is to be used with a "loan for personal, family or household purpose, except in the case of a loan secured by a first lien on real property" (M.G.L. c. 255, §12G); "retail installment contract" (M.G.L. c. 255B § 10); "premium finance agreement" (M.G.L. c. 255C, §14A); or "retail installment sale agreement or revolving credit agreement (M.G.L. c. 255D, §26C).

<sup>&</sup>lt;sup>2</sup> See M.G.L. c. 255, § 12G, M.G.L. c. 255B, § 10, M.G.L. c. 255C, §14A and 255D, § 26.

<sup>&</sup>lt;sup>3</sup> 211 CMR 143.00.

payments are made to the creditor instead of to the covered person. Credit disability insurance only may be offered in Massachusetts in accordance with the following standards set forth in M.G.L. c. 175, § 117C:

- (1) the monthly benefit is equal to the loan's minimum monthly payment;
- (2) there may be an elimination period before a benefit is paid; and
- (3) the benefit may or may not be retroactive.

Pursuant to Section 117C, an insurance company's loss ratio for credit disability insurance must equal at least 55 percent. An insurer is required to report its credit disability insurance premiums and claims annually. Companies whose claims experience is credible but did not meet the statutorily required loss ratio must file revised rates which meet the 55 percent standard.

#### Credit Involuntary Unemployment Insurance

Credit involuntary unemployment insurance is designed to pay a monthly amount that is never less than the minimum monthly payment under the debt agreement. Unlike traditional involuntary unemployment insurance, the beneficiary is the creditor and payments are made to the creditor instead of to the covered person. Credit involuntary unemployment insurance only may be offered in Massachusetts in accordance with the following standards set forth in M.G.L. c. 175, §117D:

- (1) the monthly benefit is equal to the loan's minimum monthly payment;
- (2) there may be an elimination period before a benefit is paid; and
- (3) the benefit may or may not be retroactive.

Section 117C requires that an insurance company's loss ratio for credit involuntary unemployment insurance\_must equal at least 60 percent. An insurer is required to report its credit involuntary unemployment insurance premiums and claims annually. Companies whose claims experience is credible but did not meet the statutorily required loss ratio must filed revised rates which meet the 60 percent standard.

#### Credit Property Insurance

Credit property insurance is designed to pay the outstanding balance under a debt agreement in the event the covered property is destroyed by specific named perils, such as an accident or theft. Usually this product does not have any up front deductible.

Although the rates used for credit property insurance must be actuarially supportable when filed with the Division, there is no statutorily required loss ratio for this product. This, there is no data collected on this product for this report.

# **Reporting by Classes of Business**

The rates to be used for credit life and credit disability insurance offered through the Motor Vehicle Dealers ("MVD") class of business for auto-related loans are set by the Division triennially using the last three available years of experience. Division Bulletin 2010-09 identifies

the rates applying to 2011, 2012 and 2013, based on 2007-2009 experience.<sup>4</sup> For all other classes of business, insurers must submit rate filings to the Division for a specific line that comply with the statutorily defined loss ratio standards, as described above. In order to differentiate MVD credit insurance from all other credit insurance, the Division requires insurers to maintain and report the experience of these lines separately.

<sup>&</sup>lt;sup>4</sup> See Bulletin 2010-09, issued on October 1, 2010, <a href="http://www.mass.gov/ocabr/business/insurance/doi-regulatory-info/doi-regulatory-bulletins/2010-doi-bulletins/bulletin-2010-09-2011-2013-deviated-case.html">http://www.mass.gov/ocabr/business/insurance/doi-regulatory-info/doi-regulatory-bulletins/2010-doi-bulletins/bulletin-2010-09-2011-2013-deviated-case.html</a>.

# **Section 2: Data and Reporting Requirements**

## **Data Requirements**

In accordance with M.G.L. c. 175, §117C(b)F each insurer is required to file claims experience and loss ratio data annually. The Commissioner of Insurance is required to provide a summary of the information reported by companies. When submitting information, insurers are to report claims and premium data and calculate a loss ratio in the following manner:

Incurred Claims = Total credit insurance claims paid during the experience period adjusted for changes to the credit insurance claim reserve.

Earned Premiums = Actual earned premiums

Loss Ratio = Incurred Claims

Earned Premiums

## **Reporting Requirements**

The Division has requested that companies submitting credit insurance information report separately for credit life, credit disability and credit involuntary unemployment insurance. Within the credit life and credit disability reports, the Division further has requested that information be reported separately for the MVD and non-MVD classes of business. The Division also requested that companies report data for each individual product offered within a line of coverage so that the loss ratio of the individual product may be compared to the applicable statutory loss ratio requirement.

<sup>&</sup>lt;sup>5</sup> This information was not requested for credit involuntary unemployment insurance because the Division does not set rates for any class of business within that line.

# **Section 3: Credit Life Insurance**

# **Reported Experience**

The following represents the experience reported by the 28 companies submitting reports for credit life insurance business in force between 2010 and 2012.

#### Motor Vehicle Dealer (MVD) Class of Business

		1	•	Total
	2010	2011	2012	2010-2012
<b>Direct Premium Earned</b>	1,632,706	1,015,761	1,084,468	3,732,935
<b>Direct Losses Incurred</b>	557,885	373,054	287,238	1,218,177
Loss Ratio	34.17%	36.73%	26.49%	32.63%

#### **All Other Classes of Business**

				Total
	2010	2011	2012	2010-2012
<b>Direct Premium Earned</b>	4,217,803	3,864,125	3,402,723	11,484,651
<b>Direct Losses Incurred</b>	2,261,568	1,564,734	1,205,982	5,032,284
Loss Ratio	53.62%	40.49%	35.44%	43.82%

## Motor Vehicle Dealer (MVD) Class and All Other Classes Combined

		1	•	Total
	2010	2011	2012	2010-2012
<b>Direct Premium Earned</b>	5,850,509	4,879,886	4,487,191	15,217,586
<b>Direct Losses Incurred</b>	2,819,453	1,937,788	1,493,220	6,250,461
Loss Ratio	48.19%	39.71%	33.28%	41.07%

### **Analysis of Data**

Credit life insurance earned premiums decreased by \$0.4 million, or 8%, from 2011 to 2012. Premiums for the MVD class of business increased by \$70,000, and premiums for other credit life insurance business decreased by \$0.5 million. Incurred claims decreased by \$0.4 million from 2011 to 2012.

### **Comparison to Statutory Standards**

As presented in the following graph, the reported loss ratios for credit life insurance in aggregate are below the statutory required loss ratio standards. Credit life insurance products are required to be written at the 50.00% loss ratio. The 2012 aggregate loss ratio was 26.49% for the MVD line of business and 35.44% for the non-MVD line of business.

#### **Evaluation of the Loss Ratio Results**

As previously noted, the Division develops deviated rates for the MVD line of business every three years based on the previous three-year period's experience, and these time lags can affect the loss ratios of this business. The Division issued Bulletin 2010-09 on October 1, 2010 to set the credit life rates for the period between 2011 and 2013, based on reported information from the period between 2007 and 2009.

For the non-MVD line of business, each of the company's submitted earned premium and claims information was reviewed individually to ensure credibility of the reported information. Where any company's loss ratio experience fell below the statutory requirement, companies were instructed to submit rate filings to revise rates to come into compliance with the statutory requirement.

# **Section 4: Credit Accident and Sickness Insurance**

# **Reported Experience**

The following represents the experience reported by the 26 companies submitting reports for credit accident and sickness insurance business in force between 2010 and 2012:

## Motor Vehicle Dealer (MVD) Class of Business

		į	•	Total
	2010	2011	2012	2010-2012
<b>Direct Premium Earned</b>	2,704,277	1,482,466	1,164,341	5,351,084
<b>Direct Losses Incurred</b>	644,411	753,421	385,380	1,783,212
Loss Ratio	23.83%	50.82%	33.10%	33.32%

#### **All Other Classes of Business**

	ı	Ī	Ī	Total
	2010	2011	2012	2010-2012
Direct Premium Earned	7,386,312	6,423,971	5,832,535	19,642,818
<b>Direct Losses Incurred</b>	3,495,767	2,465,076	2,612,066	8,572,909
Loss Ratio	47.33%	38.37%	44.78%	43.64%

# Motor Vehicle Dealer (MVD) Class and All Other Classes Combined

		Ī	1	Total
	2010	2011	2012	2010-2012
<b>Direct Premium Earned</b>	10,090,589	7,906,437	6,996,876	24,993,902
<b>Direct Losses Incurred</b>	4,140,178	3,218,497	2,997,446	10,356,121
Loss Ratio	41.03%	40.71%	42.84%	41.43%

## **Analysis of Data**

Credit disability insurance earned premiums declined by \$0.9 million, or 11.5%, from 2011 to 2012. Among the policies, premiums for MVD declined by \$0.3 million and premiums for all other credit disability insurance decreased by \$0.6 million. Incurred claims decreased by \$0.2 million, or 3%. Incurred claims on the MVD class of business decreased by \$0.4 million while the incurred claims on the other credit disability insurance increased by \$0.15 million.

## **Comparison to Statutory Standards**

As presented in the following graph, the reported loss ratios for credit disability insurance in aggregate are below the statutorily required loss ratio standards. Credit disability insurance products are required to be written at a 55.00% loss ratio. The 2012 aggregate loss ratio was 33.10% for the MVD line of business and 44.78% for all non-MVD lines of business. Both the MVD class of business and the non-MVD class of business are significantly below the required level.

#### **Evaluation of the Loss Ratio Results**

As previously noted, the Division develops deviated rates for the MVD line of business every three years based on the previous three-year period's experience, and these time lags can affect the loss ratios of this business.

For the non-MVD line of business, each of the companies' submitted earned premium and claims information was reviewed individual to ensure credibility of the reported information. Where any company's loss ratio experience fell below the statutory requirement, companies were instructed to submit rate filings to revise rates to come into compliance with the statutory requirement.

Page 8

# **Section 5: Credit Involuntary Unemployment Insurance**

## **Reported Experience**

The following represents the experience reported by the 10 companies submitting reports for credit involuntary unemployment insurance business in force between 2010 and 2012. Insurers do not rate or report separately for the MVD class of business and the non-MVD class of business in this line.

		į	1	Total
	2010	2011	2012	2010-2012
<b>Direct Premiums Incurred</b>	1,469,767	1,257,191	996,537	3,723,495
<b>Direct Losses Earned</b>	762,955	454,465	344,739	1,562,159
Loss Ratio	51.91%	36.15%	34.59%	41.95%

## **Analysis of Data**

Credit involuntary unemployment insurance earned premiums declined by \$0.3 million, or 21%, from 2011 to 2012. Incurred claim losses decreased by \$.1 million from 2011 to 2012. The loss ratio for credit involuntary unemployment insurance decreased from 36.15% to 34.59%.

## **Comparison to Statutory Standards**

As presented in the following graph, the reported credit involuntary unemployment insurance loss ratio has been less than the statutory minimum loss ratio of 60%. Moreover, this block of business has declined significantly over time. In 2012, the earned premiums for credit involuntary unemployment insurance were a little under \$1 million. The Division anticipates that this reported loss ratio will remain volatile as the block continues to decline.

#### **Evaluation of the Loss Ratio Results**

Each of the companies submitting earned premium and claims information for credit involuntary unemployment insurance was reviewed individually to ensure credibility of the reported information. Where any company's loss ratio experience fell below the statutory requirement, companies were instructed to submit rate filings to revise rates to come into compliance with the statutory requirement.
